INDIA - A GROWING HUB FOR THE EDIBLE OIL INDUSTRY

Following on from the positive industry response to the first **OFI India** event in 2016, Oils & Fats International is delighted to announce that the next **OFI India** will take place on 19-20 May 2017 at the Bombay Convention and Exhibition Centre, Mumbai.

India is the world's largest edible oil importer, with a growing population and lifestyle changes driving an increase in edible oil consumption.

With over 1.2bn people, it imports some 14-15M tonnes of edible oil, against domestic production of 7-8M tonnes.

With annual consumption of some 21M tonnes of edible oil and per capita consumption of around 14-15kg, against a global average of 22.8kg, the Indian market has large potential as well as challenges to face.

OFI India 2017 provides a networking event to meet with existing customers and make new contacts in a neutral surrounding, providing the perfect setting to build a business relationship in one of the world's fastest expanding sectors for the edible oil industry.
