How Much does the franchise cost?

- £25,000

How long is the term of the agreement?

- 10 years, this can be renewed for another 10 years to a discounted cost

What will be my territory?

- We are predominantly looking for people in the East and South East (as defined by Census) and we have many territories available. Each territory consist of 250,000 in population and is exclusive. Do contact us if you are outside our roll-out area as this is available too.

How much can I earn

- The more you put in the more you get out as the saying goes, this is true with our business too. After the first year of operation you could make £20-50,000 in your second year.

Why don't I have to register my business with CQC

- CQC (care quality commission) have strict rules and the services we provide are out of their scope. We do not provide "Personal Care" or administer medication.

What training will I get

- We start with 2 days of New Partner Orientation, this is followed by 3 days of Owners Training - Thereafter we stay in touch every month to follow up, guide and support you. We are available at anytime for ongoing issues

How many people do I employ and train

- Your staff can be self employed or employed by you. We offer zero hour casual contracts and each employee is volunteering their work and get paid a "Living wage". A successful business would typically have 50-70 staff
