LIMITED

www.displaypeople.com

Marketing Impact is North America's premier supplier of retail merchandising and display products. Since we opened our doors in 1986, our focus has been on maximizing sales and simplifying inventory management on the shelves and floors of retail environments. From cutting-edge custom displays to common merchandising products and accessories, we are the supplier of choice for retailers of all kinds. For many reasons we are your source for effective display and merchandising.

- We offer a range of more than 4,000 functional, adaptable, innovative merchandising and display products with complimentary accessories.
- A large onsite inventory allows us to ship most orders in 24 hours or less.
- Our modern 58,000 square foot facility sports the capability to manufacture most of what we sell. Our team of creative designers and engineers have years of experience in continually developing functional and effective displays and merchandising products.
- Innovation and creativity have no boundaries at MIL since our constant research of trends always keep us a step ahead of the global marketplace.
- Outstanding customer service has always been a source of pride with our experienced representatives. They are always ready to provide fast and effective solutions to your merchandising challenges, and educated answers to any questions that you may have.

This catalogue is full of comprehensive display and merchandising products. No matter what your merchandising display requirements or needs, Marketing Impact has the products to help you maximize sales. If you can't find exactly what you're looking for, please call us! Our knowledgeable staff will work with you to create the ideal merchandising solution.

"Michael and the team at Marketing Impact have done a great job for Pamida. They have assisted us with many projects and have given creative, yet economical options for us to choose from."

Theresa Langabeer

Director of In-Store Marketing & Space Planning

Pamida Stores Operating Company, LLC

"Marketing Impact and SMW worked with us to create effective shelf management systems for deodorant, vitamins and DVD's.

When we needed a security system for razors, they created it.

Their turn-around times are quick. When there is a rush they come through. They are innovative and competitive."

Mike Angus

Director of Projects

Loblaw Companies Ltd.

"We have been working with Marketing Impact for well over 10 years now and their levels of service, turnaround and quality have always been exceptional. The timelines that we encounter are always challenging, if not unrealistic, but we have never been let down or disappointed. We have also challenged them to come up with solutions for displaying new and different products and their design input has been thoroughly thought out. There is always the right balance between aesthetics, cost and practicality. The team at Marketing Impact is always a pleasure to work with."

Walter Ciferons

Director of Design and Development

Shoppers Drug Mart

"Having worked with Marketing Impact on various projects for over 10 years, we have always greatly enjoyed our experience. In addition to the cutting edge designs and out of the box thinking, their entire team has always been receptive to our needs and provided us with the best quality products and service."

Mark Finkelstein

Retail Sales Director

PharmaSystems Inc.

"Zellers and Home Outfitters have worked with Marketing Impact for several years, and over that time, they have partnered with us to develop many creative, functional and cost effective merchandising and signage programs. They are very innovative, and you can count on their creativity to solve your challenges in-store. In short, I find them to be very customer focused, reliable and cost effective. I would not hesitate to recommend them to my industry colleagues."

John Watson

Director of Construction, Store Planning & Fixtures

Zellers and Home Outfitters Stores

SIGNHOLDER SYSTEMS

The most versatile systems of their kind in North America, with solutions for any signage need.

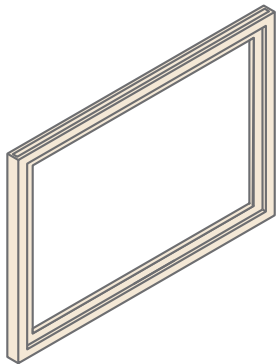

SIGNHOLDER FRAMES

Imperial and metric frames are moulded in high-impact styrene with mitered edges. Use horizontally or vertically. Standard colours are white, black, red and beige.

* Custom colours available. Minimum quantities apply.

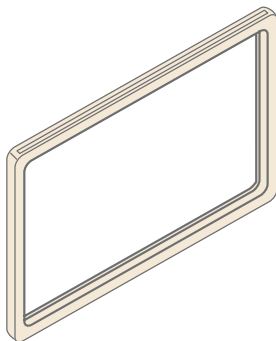

US Patent #5,442,873 / Canadian Patent #2,114,091

Colours Available

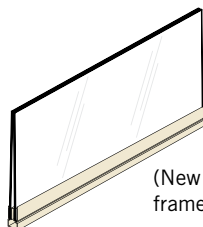

Imperial Frames

3½" x 5½"	SH0355
3¼" x 8¼"	SH0358
5" x 6"	SH0056
5½" x 7"	SH0557
7" x 11"	SH0711
8½" x 11"	SH0085
11" x 14"	SH0114
5½" x 24"	SHOMMF5524
5½" x 36"	SHOMMF5536

Metric Frames

220 mm x 185 mm	SHOMA1
279 mm x 219 mm	SHOMA4
210 mm x 148 mm	SHOMA5
148 mm x 105 mm	SHOMA6

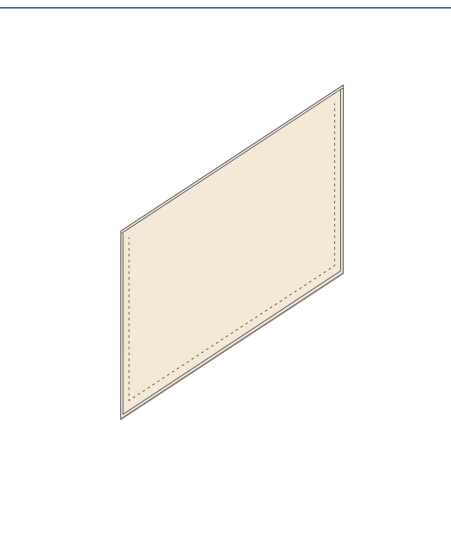

(New and improved frame base)

Frameless Signholder

Compatible with all mounting accessories. Can be used horizontally or vertically. Open on three sides for convenience. Frame base is available in white, black, red and beige.

US Patent #5625969

22"x 28"	ALUSNAP2228

REUSABLE MAGIC FRAMES

A quick, clean and easy way to hang signage on any smooth flat surface. A special molecular gel allows repeated use while providing a secure attachment to walls or counters. No residual adhesive left behind!

Features and Benefits:

Eliminate messy tape from your windows. Magic frame stays up in hot or cold weather, unlike suction cups.

Display 2 sided signs.

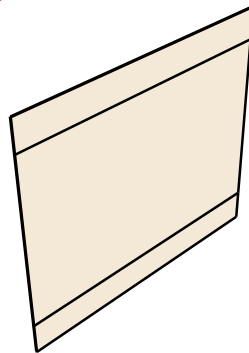

Durable Clear plastic with white border or black.

Quickly display signs on:

- Cooler Doors
- Windows
- Deli Cases
- Any smooth flat surface

NEW

8-1/2"W x 11"H	RSH08511
17"W x 11"H	RSH01711
22"W x 28"H	RSH02228

* Please specify border colour when ordering.

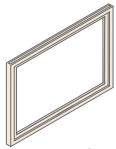

MODULAR SIGNHOLDER SYSTEMS

MIX AND MATCH TO SUIT YOUR NEEDS!

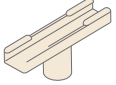

In-store advertising is simple and effective with our full line of signholders and accessories. For shelves, slatwall, pegboard, glass, walls, or right on your merchandise, we have a signage solution for your specific requirements. Manufactured from high-impact styrene, they're built to last. Standard colours are white, black, red, and beige. Custom colours available.

HOW DOES IT WORK?

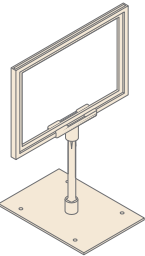

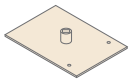

Choose the frame that's right for you.

We offer a variety of typical sizes, both imperial and metric. Our patented locking system keeps the sign securely in place, allowing you to display the frame vertically or horizontally.

Add bases and accessories for total versatility.

Our selection of frames, bases and accessories gives you limitless solutions to all your signage challenges.

The result is a signage solution for your specific needs.

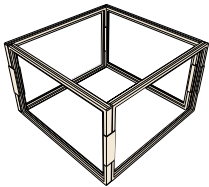

We have what you need to display your signs any way you require. Call us for innovative ideas.

THE WOBBLER SIGN SYSTEM

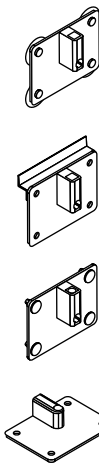

The Wobler

The Wobler is one of the most versatile signholders. Signs hang directly from the Wobler's hook for an interesting free-floating effect. The curved stem can hang signs above and in front of product sitting on shelves or hanging on pegboard or wire.

Includes mount, 15" stem, connector and Curved Wobler moulded in polycarbonate.

Standard colours are clear, black and white. Custom colours available.

(*Please specify base style when placing order.)

WOBBLER — GLASS

Wobler sold with 4 suction cups (unassembled) which allows signage to be displayed on a flat surface.

WOBBLER — SLATWALL

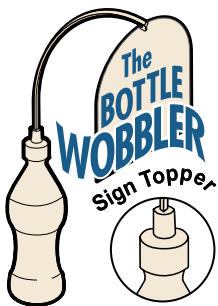

Wobler can be easily mounted onto slatwall to display signage.

WOBBLER — PEGBOARD

Wobler sold with 4 push pins (unassembled) which allows signage to be displayed from pegboard.

WOBBLER — GONDOLA and SHELF TOP

Wobler sold with base and curved stem and can be used on a gondola or shelf top.

Bottle Top Holders

Works with signholders and wobblers.

Fits 1" Bottle Tops	BOTTLETOP01
Fits 1¼" Bottle Tops	BOTTLETOP02

AISLE MARKERS

THE ULTIMATE SHOPPER STOPPER!

Get these silent salespeople working for you! Double-sided for twice the exposure. Injection moulded corners are twin-pronged for maximum stability. Quality mitre-edge finish. Use our mounting accessories to hold your signs on slatwall, pegboard, or a shelf. Makes a great gondola topper too. Standard colours are white, black, red and beige. Custom colours and lengths available.

*Minimum Quantities Apply.

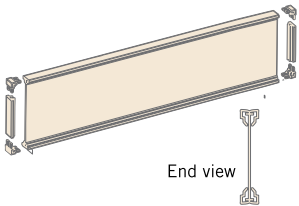

1 Piece Moulded Aisle Marker

Sturdy, moulded in high impact styrene. Available in black and white

5-1/2" x 24"	SHOMMF5524
5-1/2" x 36"	SHOMMF5536

*Custom colours available. Minimum quantities apply.

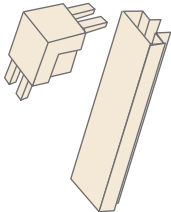

Aisle Marker

Aisle marker with rigid banner support.

3-1/2" x 48" (29mm x 1219mm)	MMF348
5-1/2" x 48" (140mm x 1219mm)	MMF548

*Frames available in beige, black, red and white. Available in different sizes.

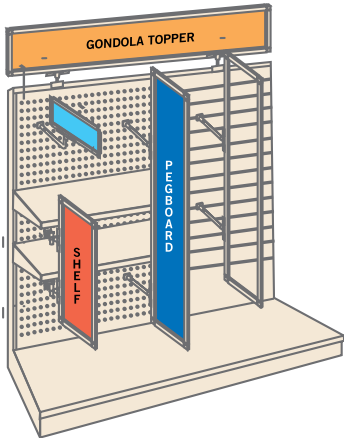

Custom Frames (Corners and Edging)

Custom sizes are available. Build custom frames using corners and side pieces.

Custom Frame Edging	CFR001
Custom Frame Corners	CFR002

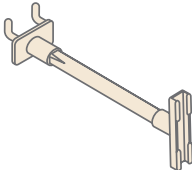

HOW DOES IT WORK?

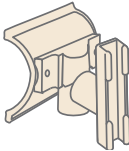

**Aisle Markers
with Mounting Accessories**

Slide your signs into both sides of the extruded frame wall. Secure them in place with a top, bottom and twin-pronged corners. Display it vertically or horizontally with our mounting accessories. Use with our Self-Centering Mounts and your Aisle Marker will bounce back if bumped. The Strip Mount Card Holder can also be used in the same way to create quick and easy aisle signage.

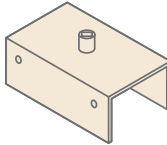

Use with our various mounting accessories. Here are some examples:

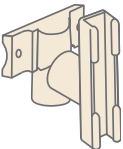

Pegboard / Slatwall Extension Mount

MODULAR MERCHANDISING SYSTEMS

Light Duty Pusher Setup

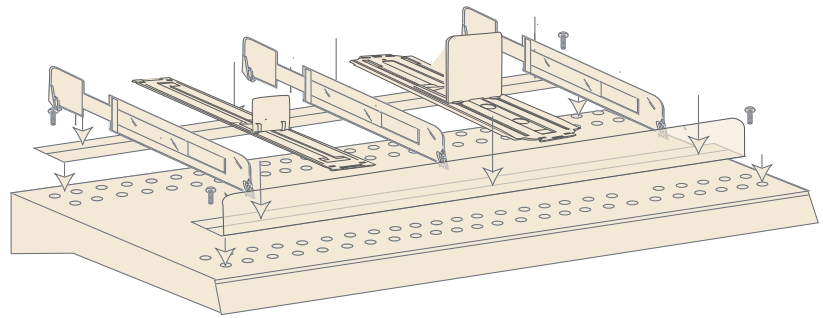

Heavy Duty Pusher

NEW Multi-Use Pusher

HOW DOES IT WORK?

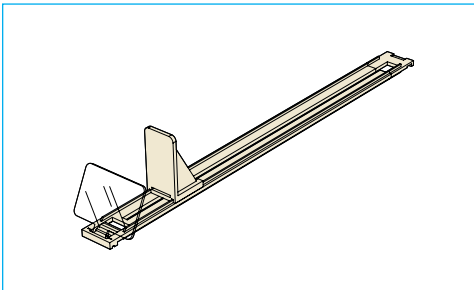

Equipping your shelves with pushers and dividers is quick and easy. First, affix the snap bars to your shelf, then simply snap the spring loaded pushers and dividers into place. Fits any shelving system. See our website www.displaypeople.com for a video demonstration.

SPRING LOADED PUSHERS

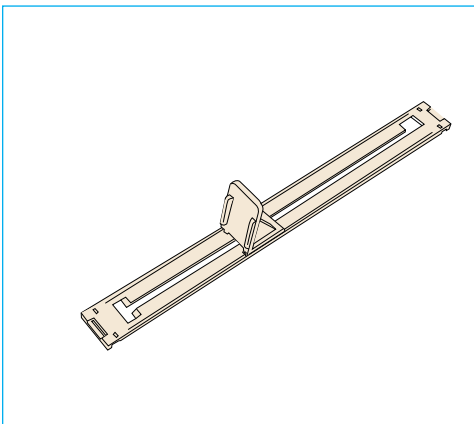

GIVE YOUR SALES A PUSH!

Our pushers keep your products up front where customers can see them and buy them! Made from virtually unbreakable high-impact styrene. Our pushers fit any shelving system and are Maintenance free! Available in white and black. Custom colours available.

EXTRUDED GRAVITY FEED / PUSHER SYSTEM

System can be easily converted to Front Facing Merchandising by adding Pushers and Springs

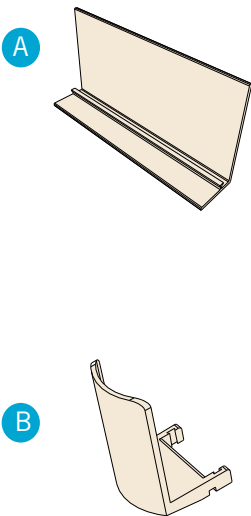

Slide and Divide Features & Benefits

- Create custom track lengths
- Low friction extruded PVC track allow products to glide smoothly
- System is fully compatible with all fences and fronts from our modular pusher systems

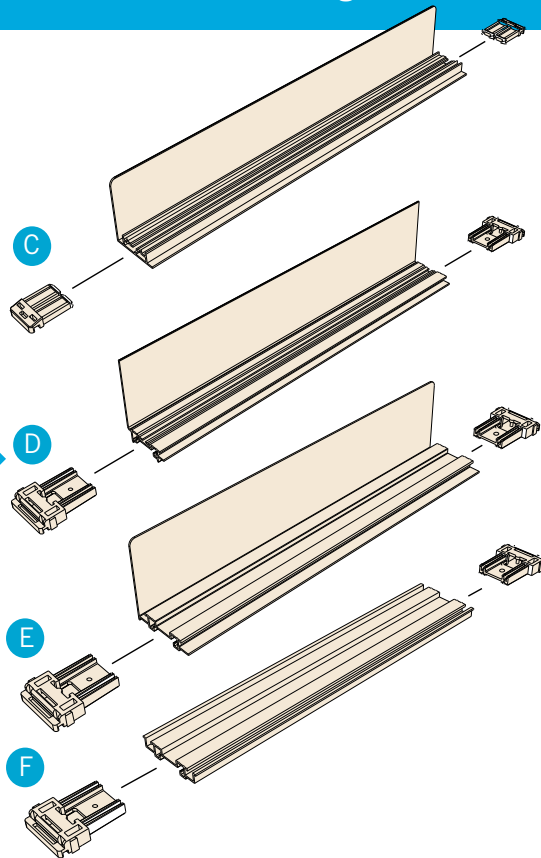

HOW DOES IT WORK?

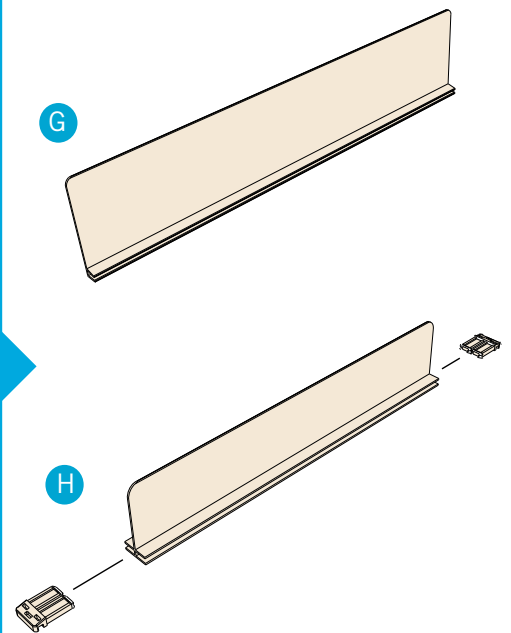

1. Choose a Front

2. Choose a Track (Custom Length)

3. Add a Divider or End Cap

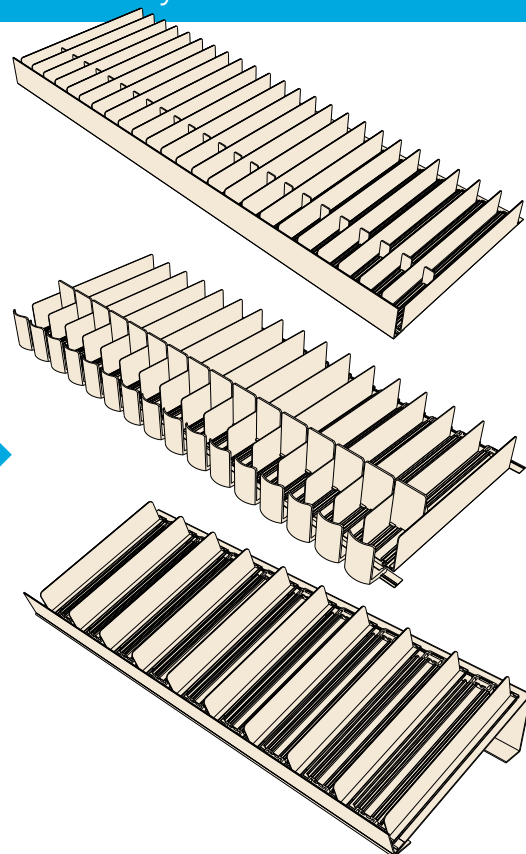

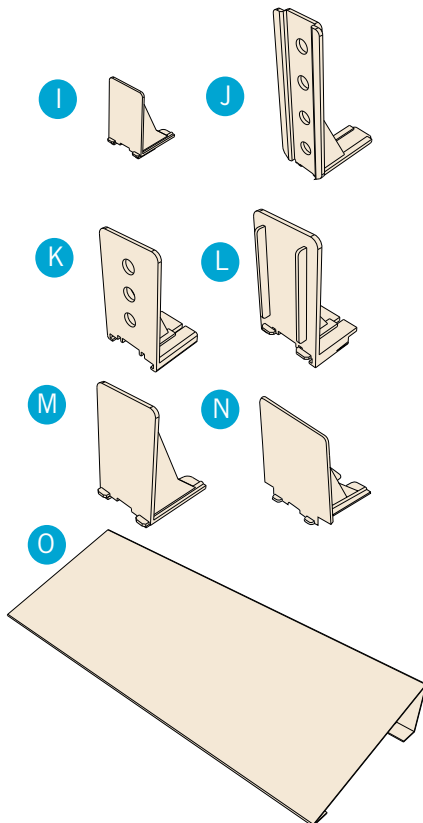

Our new slide and divide merchandising system is beyond the scope of the traditional gliding racks in the market today. Our system employs cost effective extrusion technology incorporated with minimal injection molding to create a fully modular gliding system. Each track incorporates a divider wall and is composed of durable plastics which can be extruded to any length. The width is customizable with new extrusions, which are considerably more cost effective than injection molding a complete tray. Finally, each track is fully compatible with MIL's pusher systems giving the new system that ability to push the beverage to the front of the line in sales.

4. Choose a Paddle for Pusher System or Custom Wedge for Gravity Slide System

SECURITY PUSHER SYSTEM

HOW DOES IT WORK?

Modular Merchandising Security System

DETERMINE WHAT YOUR NEEDS ARE BY ANSWERING THESE QUESTIONS

- 1) What is the width of your shelf?
- 2) What is the depth of your shelf?
- 3) What is the weight of the product you are pushing and how many items in a row? This will allow us to determine the weight of the spring you require.
- 4) What is the width and height of your product? This will allow us to determine the size of the pusher you require.
- 5) Do you require a security door on your shelf system?
- 6) Do you require a slide mechanism on your shelf?

CHOOSE FROM 6 STYLES OF PUSHERS:

1- Light Duty Pusher

7/8" Wide x 1 1/8" High to push product similar to deodorant.

2- Medium Duty Pusher

2 3/8" Wide x 4 1/4" High to push product similar to candy.

3- Heavy Duty Pusher

3 1/4" Wide x 4 1/2" High to push product similar to shavers.

4- Extra Wide Pusher

4 1/2" Wide x 4 1/2" High to push product similar to salad.

5- Multi-Use Medium Duty Pusher

2 3/8" Wide x 5" High to push product similar to bagged candy.

6- Multi-Use Heavy Duty Pusher

3 3/8" Wide x 5 1/8" High to push product similar to bottled beverages.

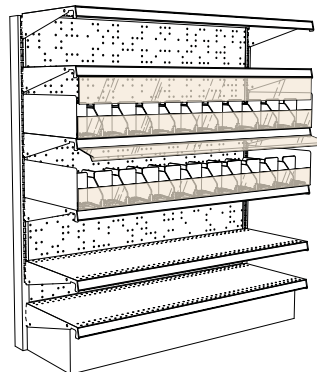

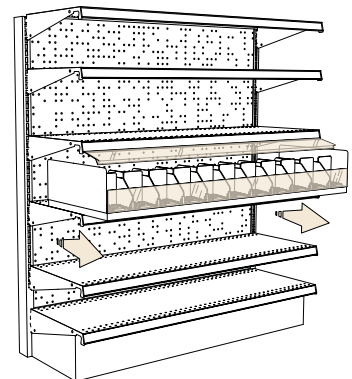

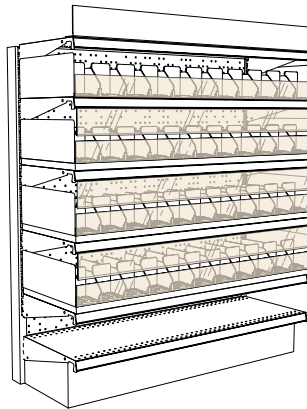

THE MAXIMUM NUMBER OF PUSHERS PER SHELF WIDTH IS AS FOLLOWS:

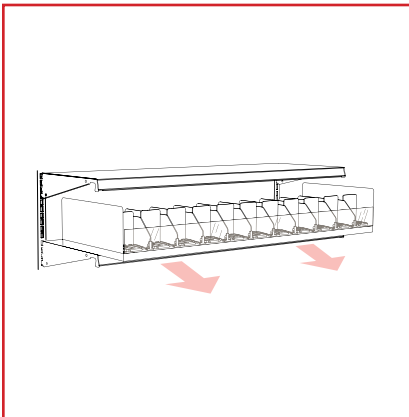

36" Wide Shelf Maximum Capacity

LP - 18 Pushers
 MP - 11 Pushers
 HP - 8 Pushers
 XD - 7 Pushers
 MCMP - 10 Pushers
 CMP - 8 Pushers

48" Wide Shelf Maximum Capacity

LP - 24 Pushers
 MP - 15 Pushers
 HP - 11 Pushers
 XD - 7 Pushers
 MCMP - 14 Pushers
 CMP - 12 Pushers

Pull-Out Shelf Pusher Kit with Slide Mechanism

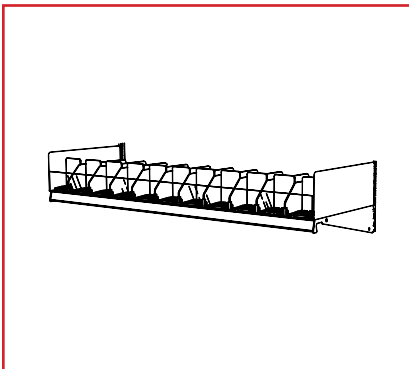

Fits standard store shelf widths and depths. Complete system with slide mount for easy merchandising.

Kit Includes:

- 11 - Heavy Duty Pusher
- 10 - Dividers

THE MAX HANGING MERCHANDISING SYSTEM

CROSS-MERCHANDISE ANY PRODUCT, MAXIMIZE ANY SPACE, ADD SIGNAGE AND WATCH SALES SOAR!

30" 20" 10"

The Max

Meet the MAX — your solution for turning empty space into a profit centre!

Utilizes many different hooks to hold an amazing variety of products, as well as graphics and price cards. Mounts to any shelving system or fixture. Moulded in virtually unbreakable high-impact styrene.

Each MAX is 10", 20" or 30" in length and include hangers on both ends. One end can mount to a shelf and the other to a wire.

Use Marketing Impact Limited's Adhesive Hang-Tabs to place virtually any product on a hook.

SKID FENDER

Double-duty fenders protect your skid and promote your product at the same time!

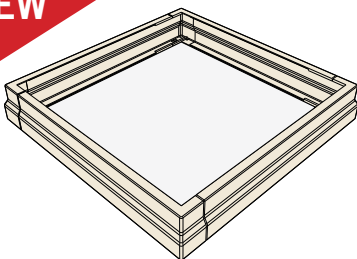

Skid Fender
HOW DOES IT WORK?

Simply slide apart to the desired length and connect the interlocking corners. Don't forget to take advantage of this convenient advertising space!

Heavy-duty construction to resist bumps.

NEW

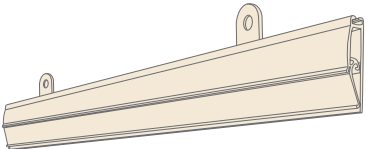

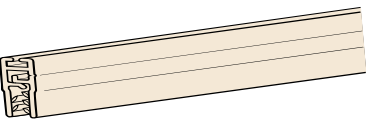

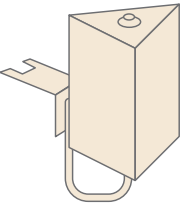

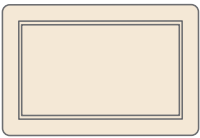

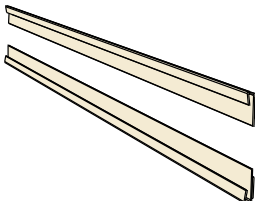

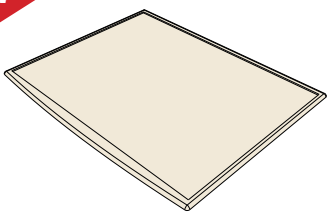

Skid Fender

Skids in a store can be an eyesore. Worse, they can be dangerous. Customers may trip over a corner or bump them with a shopping cart. Our Skid Fenders protect both product and shopper by shielding the sides and corners with a sturdy, attractive bumper. They're also a new space for advertising. Interlocking bumpers expand from 31" to 55" and can be linked to wrap around any size skid. Black and red available.

LED5001

Outdoor LED Tape

The LED STR Series features 12" linkable, no shadow, end-to-end sections. Provides high performance illumination for commercial and residential illumination.

LEDR001

Coloured LED Ribbon

Available in red, blue, green, and yellow. Cut to required lengths in 4" increments.

LEDT

*Available in assorted colours. Call for details. Minimum quantities may apply.

Indoor Colour Changing LED Tape

Normal output, 12" linking sections, 3.1Watts/Foot, 120° viewing angle, 18 LED's/12", 70 Lumen/12".

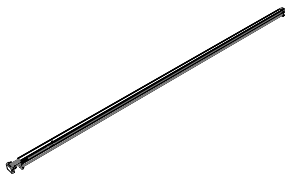

LED002-12

60 Watt LED Plugin Driver

This LED Plugin Driver comes with a cord, plug and a 2.1 D.C. jack. Suitable for Indoor LED Tape and LED Strip.

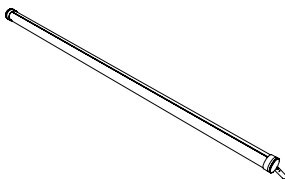

POWER SUPPLY

Universal Undershelf Light (compression fit)

Impact LED lighting for hot spot lighting in Beauty & Cosmetics. Lots of lumens for visual impact. SUPER easy to install...like shower curtain rod...spring activated on inside of shelf. Energy savings and maintenance free...50,000 hour life.

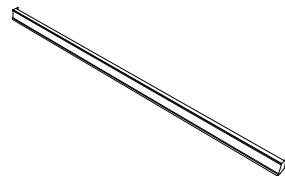

LEDUNDS01

Universal LED Lit Cornice

Interlocking cornice frame creates soft and elegant curves, inviting to navigate the entire length of the aisle. Portrait style extended cornice features LED lights uniquely configured to emit a warm and consistent flow of directional lighting on all shelves—top to base. Segmentation plaques float in between interlocking cornice to help consumers navigate aisle and quickly locate desired product segment.

UNILED001

Trio Edge Shelf Light

Triple light projection: upward on product, downward on product, and shelf edge graphics. Highlights segmentation graphics on front channel. Universal design: spring clips to most dairy shelves (even in refrigerated environments), and can simply be daisy chained together. Adaptable with standard UPC price tags and secondary store media devices.
