**A TALYLLYN WEDDING**  
Perfect for your big day

# THE WORLD'S FIRST PRESERVED RAILWAY

[www.tallylyn.co.uk](http://www.tallylyn.co.uk)

**What could be more unique** than being transported to your wedding on a vintage steam-hauled train through beautiful Southern Snowdonia with all your family and guests travelling in the carriages with you? At the Tallylyn Railway we can make this a reality, with packages tailor-made to suit your requirements.

**The cost is from £1,200 which includes:** exclusive hire of the train which will be decorated in ribbons of your choice, your favourite engine and carriages, souvenir tickets for all your guests and the beautifully decorated annexe at Abergynolwyn station which is where your ceremony will take place.

The package also includes a **souvenir headboard** for the front of the train which carries the names of the happy couple and the date. Flowers are provided for the registrar's table.

As the train is yours exclusively, stoppages can be made for **photographs in scenic locations** such as Dolgoch Falls.

We are happy to help you with your wedding preparations and can put you in touch with **local florists, wedding photographers and accommodation.**

Back at Wharf Station we can provide a formal meal for approximately 60 people or a buffet for slightly larger numbers. Prices are available on request.

**Contact us for bookings and more information**

**01654 710472**
