

Welcome To The Cotswold School!

Hello everyone! Welcome to The Cotswold School 😊

Introduction!

- Hello, we are your mentors for the next few days.
- We will help you settle into year 7 and help you find your way around.
- Don't feel worried to talk to us. If you need any sort of help please come and talk to us.
- Good Luck in Year 7!!

Whitemoor Lakes

- On your 2nd week at the school you will go to Whitemoor Lakes.
- You will do lots of fun activities and stay in dorms with people from your tutor.
- You will also be put into activity groups with a variety of new people.
- This is an excellent way to make new friends.

Friendships

- One of the most important things about joining a new school is making new friends.
- Don't be afraid to talk to people and help them out.
- If you see someone looking sad or a bit lonely go up and talk to them. That would be a very kind thing to do.
- Remember everyone is feeling as nervous as you are right now.

Feelings

- Starting secondary school is a huge jump from primary school and can be very nerve-wracking
- Don't feel like you're the only one feeling nervous. Many others will be feeling the exact same.
- All of us were very nervous when we joined year 7 but we are not now because you get used to the change.
- If you are feeling worried or upset, come and talk to one of us or a member of staff.

Equipment and Uniform

- The Cotswold School is a very well presented school.
- It's a good idea to have nice clean uniform and make sure you are looking tidy.
- Make sure you also have the right equipment. Here are some things you'll need.
- Pencil case, pen (black or blue), pencil, ruler, calculator, rubber, highlighters and much more.

End of Presentation

- That's the end of our powerpoint.
- We hope you enjoy The Cotswold School!
- Good luck!!!
