

# THE DRIVE TO PELIGONI

The Peligoni Club is in the mountainous, northern part of Zakynthos.  
The drive from the airport will take around 45 minutes and is approximately 32km.  
The further north you drive the more beautiful the island becomes.

1

Follow the exit signs out of the airport onto the dual carriageway. At the end of the road, with the fire station on your left, turn right onto the main road, towards Zakynthos town.

2

After approximately 800m you will pass Totas garage on your left, (this is where you can fill up your car).  
Carry on until you come to traffic lights with a fork to the left. Take this left fork.  
There is also a cemetery on your left here.

3

You will come to a busy intersection with traffic lights, turn left here (you will notice My Market supermarket is on the corner). On this road, look out for signs to Volimes/Volima.

4

After about 20 minutes you will pass through Katastari where the winding roads begin!

5

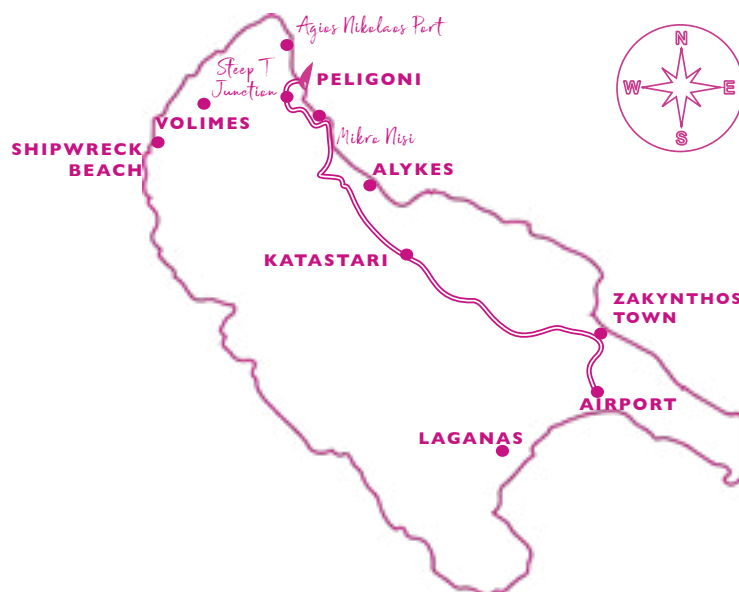

Approximately 17km further on, the road forks dramatically. Take the right hand fork signposted to Agios Nikolaos Port. You will pass a quarry on the left, this is the coastal road to Peligoni.

6

After you pass the picturesque hamlet of Mikro Nisi on your right, keep to the main road with the sea on your right.

7

Carry on until you come to a very steep T Junction, at this junction turn right towards Agios Nikolaos Port. After approximately 500m you will see The Peligoni Club signpost, turn right to the end of the road where you will find the club. We have two car parks, if the lower one is full, please use the top one. Walk through the entrance and the reception is just along the path on the right.
