Conditions of travel: tours are conducted in known whale hot-spots and timed to coincide with the peak sighting period for Humpback Whales in Cairns. Despite our best efforts and greater than 90% sightings record, whale encounters can not be guaranteed and refunds not available in the event whales are not seen. Tours are weather dependent and may need to be cancelled or rescheduled at short notice.

Book now, strictly limited season!
(July-August)

+ BONUS
Up to **4 hrs FREE TIME on FITZROY ISLAND**

Another **ExperienceCo.** Adventure

There are few more engaging experiences in nature than witnessing the spectacular surface behaviours of majestic Humpback Whales.

Activity in Cairns peaks between mid July and the end of August and forms part of an annual 10,000km migration from the freezing, food-rich waters of Antarctica to the warm breeding grounds of Australia's east coast.

Lead by our qualified Marine Biologist, this informative half or full day tour provides captivating insights into whale anatomy, communication, diet, migratory patterns and population status.

FITZROY ISLAND

Fitzroy Island is an idyllic island paradise covered in tropical rainforest and surrounded by fringing coral reefs. Hire snorkelling gear, a stand up paddle board or paddle ski, join a glass bottom boat tour, take a rainforest walk to world famous Nudey Beach or test your fitness with a hike on the summit or lighthouse trails. Relaxing more your style? Grab a drink and bite to eat at Foxy's Bar while enjoying stunning views across Welcome Bay.
