**SUBJECT:** QUEUE PERMIT MORATORIUM  
**DATE:** 11/19/2012

### QUEUE PERMIT MORATORIUM

Recently, the Taxi Board had a meeting and many drivers had an opportunity to voice their opinions about ongoing issues. There is an overwhelming concern that was brought to our attention pertaining to the shortage of work and the growing number of queue permits having been issued. Per § 30-123, the Airport Commission has decided to adopt a moratorium on queue permits. At this time, the Taxi Commission is investigating a set limit of permits to be issued in the next licensing season. Once this number is established, we will create a waiting list for the individuals who exceed the limit, but still wish to hold a queue permit.
