

Environmental Policy Summary

Cumbrian Stone Ltd operate a comprehensive Environmental Policy across all aspects of our business. We are committed to minimising the impact of our business operations on the natural environment through the implementation of research and investment across our organisation. This includes meeting the following standards as a minimum requirement:

- Complying with all legal requirements and legislation.
- Recycling waste resources and materials wherever possible in order to reduce waste going to landfill.
- Ensuring that our operations do not result in pollution of the natural environment.
- Training our employees in COSHH and environmental awareness.
- Only using approved and licenced waste companies for the disposal of any waste from our site.

Our full Environmental Policy is available on request and is reviewed by the Directors on an annual basis.
