

## BNOS Collaborative Research Consortium – one year old!

The end of October marks one year since we launched our new online membership database, Wild Apricot, which also houses our Collaborative Research Consortium (CRC)!

The CRC is designed to help researchers connect with other researchers, should they be seeking additional expertise on grant applications, and/or collaboration for new research ideas.

The CRC is free to join, and via Wild Apricot, we offer four paid membership levels and one non-member CRC only level:

1. Standard rate \*£75 per annum
2. Standard rate \*£75 and Collaborative Research Consortium
3. Reduced rate \*\*£25 per annum
4. Reduced rate \*\*£25 and Collaborative Research Consortium
5. Non-member Collaborative Research Consortium only (free)

\*all physicians, those working in tenured scientific roles, technical, managerial and executive staff

\*\*nurses, non-medical trainees, allied health professionals, PhD students, post-doctoral researchers, charities and not-for-profit organisations

If you are interested in joining online, please visit [Join Us](#) and follow the online instructions. To view/search the CRC, please visit the [Research Directory](#) page.

On joining as a member and/or the CRC, you will be able to log in and edit your details. Please note that the CRC is intended to be a searchable database, and on joining, your name along with your phone number and email address will be available via the searchable database; however, you can edit what is made visible to others via your privacy settings.

If you are a current BNOS member and wish to amend your membership to include the CRC, please *Log in* to your member account, select *View Profile*, and *Change* next to your membership level.

Wild Apricot fully adheres to GDPR practices – for further information please visit [Wild Apricot GDPR Compliance](#) / [Wild Apricot Privacy Policy](#)
