The Ukrainian Catholic Education Foundation teaches Americans about the academic and financial needs of Ukrainian Catholic educational institutions in Ukraine. In a sincere commitment to personal involvement and high standards, the UCEF works with these institutions hands-on to meet present needs and develop resources for the future. Through grant and endowment programs, distribution of books and teaching materials, and collaborative volunteer projects emphasizing foreign exchange of students and faculty, we foster the communion of Ukrainian Americans with the Ukrainian nation and of Roman Catholics in the West with the largest Eastern Catholic Church.

# Thank You!

*Thank You!*

*Dear Friends in Christ:*

**B**y any measure, 2017 was a year of momentous milestones for our Foundation and for the Ukrainian Catholic University. In September, we celebrated the completion of our seven-year Comprehensive Campaign – “A New Generation for a New Ukraine” which raised over \$67.5 million dollars to create a modern campus, and to launch a wide range of new programs for UCU. Our student body grew from 1,500 to over 2,000 students. In contrast to previous years, when 90% of our students came from a small radius encompassing a few regions of western Ukraine, we are now seeing an influx of many more students from southern, eastern and central Ukraine.

The 2014 Revolution of Dignity inspired a whole generation of Ukrainians to devote their lives to transforming their society and to building democratic, ethical institutions that can finally overcome the crippling legacy of Communist rule. We are very proud of the large network of recent UCU graduates that are applying their organizational skills to develop innovative programs in Eastern Ukraine, rebuilding homes that were damaged in the fighting, and developing community youth centers that can bring young people together. Our Institute of Leadership and Non-Profit Management, our new Pastoral Center and our Institute of Family and Marriage are grooming a new cadre of professional non-profit managers that will implement effective community services.

Our School of Journalism has been rated the best in the country. Our Lviv Business School, and our Applied Sciences faculty in Computer Programming have helped to instill a new spirit of entrepreneurship, corporate responsibility, and innovation. Their students, faculty and alumni have received international recognition for their outstanding programs. And UCU has fostered a new spirit of philanthropy in Ukraine that has encouraged successful business leaders to match the generosity of their North American and West European counterparts.

Here in the United States, we are grateful for the generous support of thousands of visionary donors like you – people that believed in the revolutionary mission of UCU, even as early as 2001 when St. John Paul II visited Ukraine and blessed the cornerstone of our new campus. In those days, the powerful mustard seed of your faith was not validated through many visible signs of progress, or financial guarantees. Still, you believed. You invested in this remarkable institution that today is moving mountains in Ukraine, and providing inspiration worldwide.

In the years ahead, with God’s blessings and with your support, we will continue to build on this success. This “jewel of higher education” will continue to bring hope, enlightenment and healing to this land, and a brighter future to a wounded world.

**Alexander Kuzma**

# Building a Brighter Future

## Guest Lecturer in Bioethics

UCU's program in bioethics continues to attract medical professionals who want to learn a moral approach to their work, including doctors, nurses, pharmacists, and others. In addition to local professors, visiting guest lecturers from abroad bring their expertise. For example, Emily Anderson, PhD, of the Neiswanger Institute for Bioethics of Loyola University Chicago (seen in photo) visited in February. She talked to students of bioethics and also of business. Her topics included "Overview of Research Ethics: Principles and Limits" and "Biomedical Research: Assessing Risks and Benefits."

## Sheptytsky Center 'Face of the City'

Though it just opened in September 2017, UCU's Sheptytsky Center has already received an award as "The Face of the City of Lviv-2017." A multi-purpose building, the center is the first structure in Lviv since Ukrainian independence built specially as a library. It is also a site for holding cultural events and scholarly conferences. Among the many people who are now using the center are gifted children who are part of the new UCUkids program, which meets on weekends and is a place where kids feel safe and comfortable and learn from one another.

## Good Governance Key to New Ukraine

With special thanks to the Boston Friends of UCU, UCU's Good Governance program is preparing students from various parts of the country to solve specific problems in their city and country based on ethical principles. Students include those who work for the local and the national government, civic activists, and those in political parties. In 2017, the program gave special attention to transparency, accountability, public-private dialogue, combating corruption, regulatory policy, and obstacles to reform.

## Catechists Trained in Kyiv

UCU's Catechetical Institute offers training to catechists in the traditional heartland of the Ukrainian Catholic Church, western Ukraine. But it is very important that it also offers courses in central Ukraine, in the capital, Kyiv. Students come from various backgrounds, for example, an accountant for a tourist agency, who, in her spare time, teaches the faith to children and even to wounded soldiers. People often want to help their neighbors know the word of God but lack the skills. Students range from the young to those in their golden years.

# Honored Guests Visit

## Chicago Doctor Speaks on Ethics

Dr. Vassyl Lonchyna spoke at the UCU School of Bioethics on “The Physician’s Code of Ethics.” Dr. Lonchyna and his wife, Dr. Roksolana Tymiak-Lonchyna, are the co-heads of the Chicago Friends of UCU Committee. They are both seen in the photo at the 2017 UCU folk ball fundraiser in Lviv, Perelaz (Friendly Crossings).

## US Ambassador and Senator Visit UCU

US Ambassador to Ukraine Marie Yovanovitch visited UCU. In the photo, Yovanovitch (left) is greeted by Nataliya Klymovska, a member of the UCEF Board of Directors and also UCU’s Vice-Rector for Communication and Development (right). Joining the ambassador in her visit to UCU was U.S. Senator Chris Murphy (D-Connecticut), on his fourth visit to Ukraine and first to Lviv.

## Michigan Neurologist on Mental Health

Dr. Boris Leheta of Michigan, head of the American Ukrainian Medical Foundation, spoke at UCU’s Institute of Mental Health. His organization has sponsored the translation, publication, and free distribution of the book “Combat and Operational Health” in the Ukrainian language. Fr. Ihor Boyko, Rector of Holy Spirit Seminary, said: “This book is particularly useful both for psychologists and for clergy.”

## Donors Visit UCU and More

Celebration Week in September 2017 was an occasion for numerous donors from the US, Canada, and elsewhere to visit the Ukrainian Catholic University and more. The occasion was celebrating the culmination of the university’s Comprehensive Campaign and the opening of the Sheptytsky Center. Donors also enjoyed a pilgrimage to shrines of western Ukraine, including the Studite Major Monastery in Univ (seen in photo).

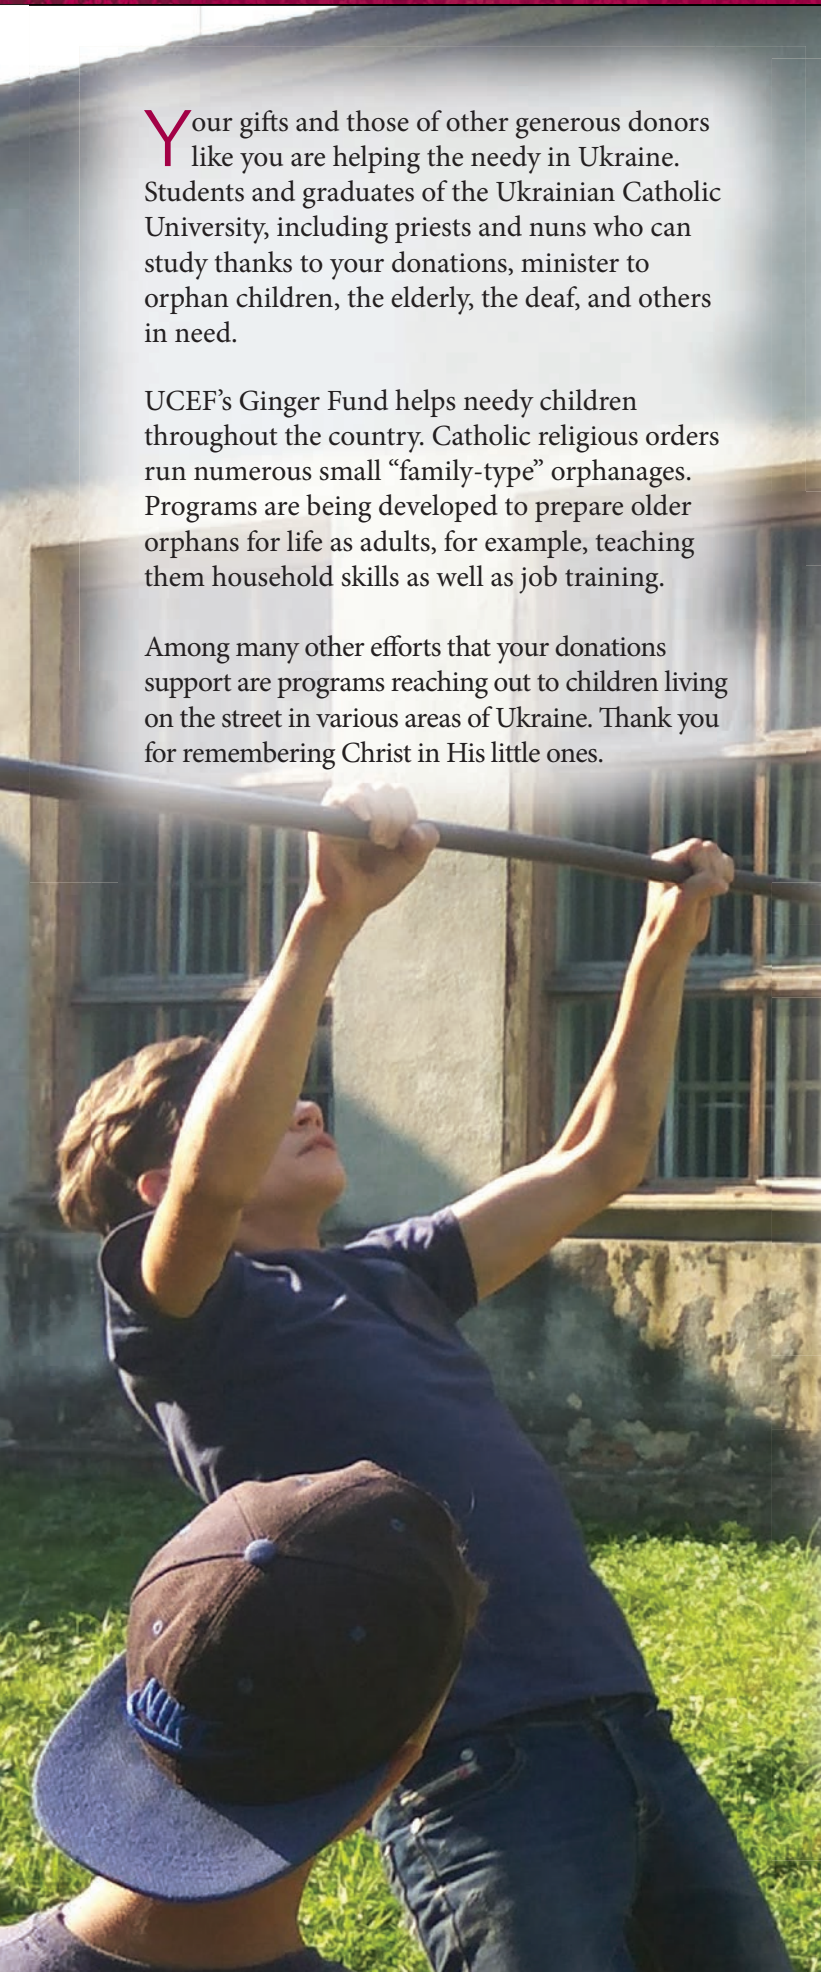

# Reaching Out to '...the Least of These'

Your gifts and those of other generous donors like you are helping the needy in Ukraine. Students and graduates of the Ukrainian Catholic University, including priests and nuns who can study thanks to your donations, minister to orphan children, the elderly, the deaf, and others in need.

UCEF's Ginger Fund helps needy children throughout the country. Catholic religious orders run numerous small "family-type" orphanages. Programs are being developed to prepare older orphans for life as adults, for example, teaching them household skills as well as job training.

Among many other efforts that your donations support are programs reaching out to children living on the street in various areas of Ukraine. Thank you for remembering Christ in His little ones.

# Bringing the Message to the United States

## San Francisco, Chicago, NYC Host Fundraisers

In 2017 San Francisco held its first fundraiser for UCU. Not surprisingly, of particular interest to area donors was the young but successful Information Technologies program at the university. The Sts. Peter & Paul Quintet from Lviv entertained Chicago donors with their a cappella vocal music, both before and during the event (seen in photo). And New York City had the honor of welcoming UCU President Bishop Borys Gudziak and also Ukraine's Acting Minister of Health, Michigan-born Ulana Suprun.

## Business Students Visit U.S.

Four students from the MSc in Innovations and Entrepreneurship program of the UCU Lviv Business School (LvBS) had an opportunity to visit numerous businesses in the U.S. as part of their program of study. Among the organizations they visited in the Chicago area were Rotary International and an outsourced sales and marketing company, Acquirent, both based in Evanston. The students also met Michael Polsky, founder, President and CEO of Invenergy (seen in photo, third from left) and business consultant Adrian Slywotzky (fourth from right), a member of the Advisory Board of LvBS.

## D.C. Medical Conference Welcomes UCU

The Ukrainian Medical Association of North America invited professors from UCU's programs in mental health and rehabilitation medicine to participate in its annual scientific conference, held in Washington, D.C. in June. Psychologist Dr. Vitaly Klymchuk (second from left in photo) spoke about efforts to reorganize the sector of mental health in Ukraine.

## Festival-goers Also Hear about UCU

UCEF Chief Development Officer Alexander Kuzma and Donor Relations Manager Roman Vaskiv (second from left, and right, respectively, in photo) brought the message to hundreds and hundreds across the country this year at numerous festivals in places like Whippany, New Jersey; New Britain, Connecticut; Staten Island, NY; and the Soyuzivka Resort in Kerkonkson, NY, in the Catskill Mountains (seen in photo). Many of the festival-goers had never heard about UCU.

# Donor Generosity

We thank all of our donors for helping educate leaders for church and society, in Ukraine and beyond. In 2017, some 1,500 people contributed to programs benefiting seminarians, students, and the faithful throughout Ukraine. With apologies in advance if anyone was inadvertently omitted from the list below, please notify us so that we may update our records.
