# HELP IS ONLY A PHONE CALL AWAY!

Introducing NSA Global's **HOT CONTACT** Service

## A 24-hour emergency and informational point of contact worldwide

Our HOT CONTACT service was developed for corporate and private individuals travelling worldwide for business or leisure. When the service of full security support is neither warranted nor needed, or when travelling to a destination where the threat levels are seen to be low, our HOT CONTACT service is an affordable and practical option but still provides peace of mind should there be an emergency situation.

Operational in over 73 countries, spanning 5 continents, your safety and peace of mind when travelling abroad is our priority!

**NSA GLOBAL SECURITY CONSULTANTS**  
Experience ■ Integrity ■ Discretion ■ Trust

All our HOT CONTACT representatives are regional locals and well acquainted with their operational region.

If you or your organisation don't take pro-active measures when travelling abroad, you could be caught off guard in responding to incidents such as natural disasters, political unrest and medical emergencies in a foreign country. Travel risk management is an essential add-on to safeguard employees of organisations and private individuals when travelling the world. Our HOT CONTACT is an affordable and simple solution that can be a proactive measure in ensuring that you are not left stranded in case of an emergency whilst traveling.

## Our HOT CONTACT SERVICE affords you peace of mind:

- You will receive a detailed SMS that notifies you that our HOT CONTACT is on standby and ready to respond to your needs together with contact details for your convenience.
- Your HOT CONTACT representative can either meet or do a telephonic briefing session with you. This is however dependant on client preference and your location.
- Your HOT CONTACT representative will be available 24/7 telephonically should any assistance be required or should you require security advice.

### *Terms and Conditions*

*This service is a telephonic stand by only.*

*Additional costs may be incurred should you request that the Hot Contact meet you at a location of your choice.*

*Should there be any need for additional deployment of assets or logistics e.g. security personnel or vehicles, additional charges will apply accordingly.*
