Software that breathes

ONBOARD

Excites your new starters

Makes your new starters feel welcome, then gives them activities that embed the information they need to be an engaged member of the team – quickly and effectively.

TRANSFER

Makes sure your training works

Pulls the learning transfer levers to ensure your training courses get implemented and turned into effective new behaviours.

MANAGER

Gets managers off to a great start

Effective managers are the lifeblood of any organisation, and the P100:Manager option quickly gets them proficient and adding real value.

TALENT

Nurtures tomorrow's talent

Discovers the talent in your organisation quickly and starts developing them for their future role with you – before they think about leaving.

APPRENTICE

Manages your apprenticeships

Everything you need to manage apprenticeships, end to end. OTJ hours, reviews, progress data, content, employer access, ILRs – all in one place, saving you time and money.

WORKFLOW

Moves learning to where it matters

Uses tasks and assignments, collaboration and reflection to generate learning and embed new behaviours directly into the workflow.

ASSISTANT

Provides a helping hand

A wealth of practical tools, tips, methods and techniques to help your staff answer their common question: *“Help I’m stuck. What do I do next?”* Performance support that delivers the right answer at the right time.

QUALIFICATION

Manages the journey – end to end

Remember the folders, the paper and the scattered emails? All gone now that everything is in one place for the candidate, assessor and verifiers – saving you considerable time and money.
