

ARCOY INDUSTRIES (INDIA) PVT. LTD.

Your partners in corrosion prevention

Acid/Alkali Resistant Materials

Acid/Alkali Resistant Mortars/Cements

1. Bitumen Based

Aroprimer: Bitumen Based Primer

Arocompound: Bitumen Based Mastic Compound

Bituminol: Bitumen Based Mastic Mortar

2. Silicate Cement

Aroplex: Sodium Silicate Based

Aroplex-K: Pottassium Silicate Based

3. Phenolic Based Resin Cement with Silica Filler

Arclor-P: Phenolic Based Resin Cement with Silica Filler

4. Furane Resin Based Cement

Arfurane-R: Furane Resin Based Cement with Silica Filler

Arfurane-C: Furane Resin Based Cement with Carbon Filler

Arfurane-HF: Specially formulated Furane Resin Based Cement for Hydrofluoric / Phosphoric Acid

5. Polyester Resin Based Cement

Arolister: Polyester Resin Based Cement

6. Epoxy Resin Based Cement

Aroon 10: Epoxy Resin Based Three Component System for Monolythic Plasters

Aroon 20: Epoxy Resin Based Cement for Tiles/ Bricks/Bedding & Jointing

Aroon 10 C.T.: Coal Tar Based Epoxy Cement for Screeding

Aroon 20 C.T.: Coal Tar Based Epoxy Cement for Tiles, Bedding & Jointing

7. Sulphur Based Cement

Rimsto: Sulphur Based Cement with Silica Filler for Tile Lining

Carbon Rimsto: Sulphur Cement with Carbon Filler for Tile Lining

Artite: Plasticated Chemical Resisting Sulphur Based Cement for use in manufacture of Electrical Insulators and Stoneware Pipe Jointings

8. Cashew Nut-Shell Liquid Resin Cement

Arcashew: Cashew Nut-Shell Liquid Resin Cement

9. Co-Polymer Resin Based Material

Arfurathene: Co-Polymer Resin Based Material for Monolithic Screeding

10. Vinylester Resin Based Material

Arvinyl-1100 S: Vinylester Resin Based Material

**CORROSION
NO ENTRY**

11. Specially Formulated Phenolic Resin Cement Based on International Standards

Arzamite-1-4

12. Floor Hardener for Industrial Floors

Arconete

13. Specialized Product

Ferrum Cement: Specialized Product for Steel Plants for their Blast Furnace Baffle Walls and for Defective Castings

Carbon Bricks

1. Arcarbon

Acid/Alkali Resistant Carbon Bricks

Acid/Alkali Resistant Bricks/Tiles

1. Arcotiles

Acid/Alkali Resistant Bricks/Tiles

Rubber Lining

1. Arcoy Rubber

ArcoButyl Rubber

Arconite 180 (Hard Rubber)

Arconite-168 B (Hard Rubber)

Arconite-817 (Hard Rubber)

Arcosoft-A (Soft Rubber)

ArcoButyl-60 (Soft Rubber)

Arco-CSM (Soft Rubber)

Arcoprene (Soft Rubber)

Arco Food Grade (Soft Rubber)

For any further information & detailed technical literature of each product, please feel free to contact our Technical Department on the below mentioned Address/Contact No:
