On being a Head Girl for 2017 - 2018 by Aarzoo Khursheed

“I’ve loved being Head Girl of Greenbank High School as it has given me so many amazing opportunities to try new and exciting things. Probably what I have loved most about my role is being able to represent my school at many different events. I particularly enjoyed visiting the local primary schools, as it was always a very rewarding experience. During my time as Head Girl I found that it was important to be able to communicate clearly and confidently, organise my time effectively and probably most importantly, to maintain a positive, can-do attitude. Being Head Girl has helped to develop my confidence, my ability to articulate information clearly and has given me valuable leadership skills. It has been a pleasure and an honour to represent my school and has taught me lessons I will carry with me through life. I would recommend other pupils get involved in as many leadership opportunities as possible as it is very rewarding, fun and a great life tool”.
