## ABOUT US

**NYJC has been going for 13 years.**

We provide creative learning experiences for young people who enjoy composition and improvised music. *That might be you!?*

We engage inspirational tutors who are world class professional musicians. They are experienced in teaching and performing improvised music and composition of all kinds.

We deliver highly creative sessions that are informal, participative and good fun. Each will improve your ability to play by ear, improvise, compose and arrange together. Things you don't often get taught elsewhere.

Each year, we run a world-renowned summer school and feeder short course, preparing and inspiring 80 of the nation's best young jazz musicians (selected from a 14 day audition tour) for a career in music.

We are delighted to introduce you to our national network of monthly sessions. They take place in different regions around the country. We want to uncover new talent and develop each person's potential.

The regional programme is open to anyone of any standard aged 8-18. No audition! No barriers of gender, culture, family income, instruments, whatever... everyone welcome!

**Now we're back in London.**

In your area they will be at:

**KINGS PLACE: (KINGS CROSS) LONDON N1 9AG**

Each Sunday workshop ends with an informal concert to family and friends featuring performances of pieces learned that day. Everyone gets to play within a supportive setting that everyone enjoys!

**Cost: £120 for the 4 day course**
