The Japan Rail Pass is a discount ticket allowing unlimited rail travel throughout Japan over a 7, 14 or 21 consecutive day period. It is available in either an Ordinary (coach class) or Green (first class) version. Because Japan Railways has 12,400 miles of track, it is possible to travel almost anywhere in the country by train. The Japan Rail Pass can provide you with convenience and great savings if used wisely, but it is a discount ticket and some restrictions on trains do apply. There are no restrictions on date or season.

Remark: The JAPAN RAIL PASS offers an incredibly economical way to travel throughout Japan by rail. Please be aware, however, that some restrictions apply. The pass is **not valid for "NOZOMI" and "MIZUHO" trains on the Tokaido, Sanyo and Kyushu Shinkansen lines**
