CORPORATE COLLECTION

FOR THE TEAM

LOOK LIKE A TEAM, WORK LIKE A TEAM

Gill are delighted to provide a bespoke corporate collection of technical clothing ideally suited for teams, corporate uniforms and promotional wear.

Selected styles features discreet Gill branding allowing your logo to take centre stage on the garment.

Tailored to suit your individual requirements we will apply your logo through our established customisation service which offers embroidery, printing and dye sublimation.

A member of our experienced team will take you through each stage of the ordering process, from selecting products, to choosing the best branding option and final delivery ensuring that you and your team look and feel great whether that be on or off the water.

CUSTOMISATION

Adding a logo to your corporate clothing sets you apart. Work, crew or team clothing helps create a fantastic team spirit and it is a great way to reinforce your brand in front of your customers or competitors. Choose your preferred application from embroidery, print or dye sublimation.

Branding can be applied to various locations depending on the chosen garment.

LOGO APPLICATIONS

Embroidery

The majority of our customers choose embroidery as it is a cost-effective garment decoration solution. An embroidered design or logo on a garment looks great, is suitable for almost any fabric and results in a high-quality, long-lasting finish. The embroidery can be anything from a simple line of text in a single colour to a complex design. The waterproofness of technical garments is not compromised by embroidery through the application of tape over the stitching inside the garment.

Screen Printing and Transfers

Screen printing and transfer application comes into its own when 50 or more items with the same design are required. It is possible to print complex multi coloured designs using this method of decoration and costs are based on the numbers to be printed and the number of colours in the design so for large numbers of items it can be very cost effective. Most garments can be printed, however there are a few exceptions so please tell us your exact requirements and we will advise on whether or not screen printing is suitable.

Vinyl Transfer

Vinyl printing is ideal for printing small quantities of garments. It is possible to achieve a wide variety of different effects with different materials but this process is only suitable for one or two coloured logos and can be applied to most garments.

Dye Sublimation

Sublimation is a form of digital printing. When sublimation inks are heated, they turn into a gas and dye polyester fabric or items that have a polyester coating. The result is a premium full-colour, photographic-quality image that will not crack, peel or wash away from the garment or substrate. Sublimation dyes are not opaque and therefore the printable items need to be white or a pastel colour. Dye sublimation is applied to the garment using heat and pressure.

Each and every Gill product is rigorously tested.
In our lab. On the water. To the extreme.

For us, every component has to be ready to be taken to its limit, right down to the last stitch, so that you can be sure your team kit lasts longer and your team looks great — they are dry, warm and comfortable.

FIT GUIDE

ALL OF OUR GARMENTS ARE SIZED AND FITTED WITH END USE IN MIND, WE HAVE DEFINED OUR DIFFERENT TYPES OF FIT HERE.

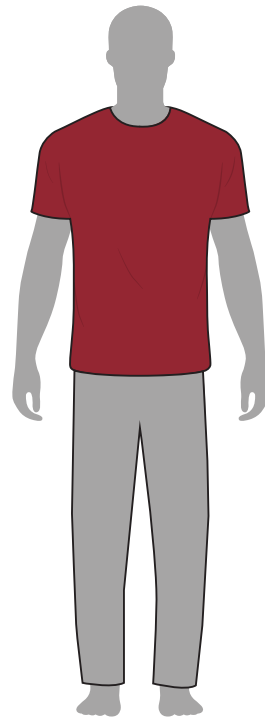

Next to Skin

Follows the contours of the body giving freedom of movement.

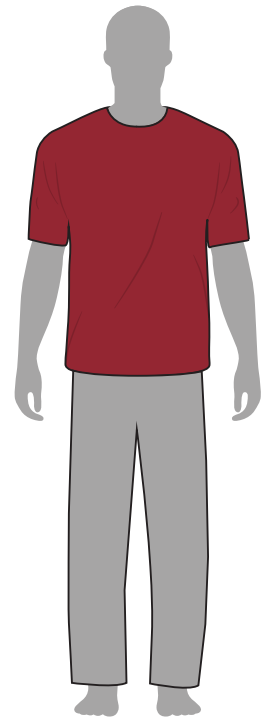

Slim Fit

Closer fit, giving a silhouette that skims over the body.

Regular Fit

Neither close fitting or oversized, designed to be versatile and fit as expected for the products' intended end-use.

Relaxed Fit

Cut looser with more room around the body. Ideal for layering over other pieces.

FAQ's

DO YOU HAVE A CORPORATE RANGE OF PRODUCTS?

Yes, we have specifically chosen a collection that is available for branding allowing your logo to take centre stage on the garment.

CAN I RECEIVE A DISCOUNT OFF YOUR RRP?

Please contact us and we will provide the best quote possible based on your requirements.

CAN YOU PROVIDE A SAMPLE GARMENT?

Yes, however we would invoice you for it. If it is returned in its original packaging within a reasonable time-frame we will credit you back.

WHAT OPTIONS DO YOU HAVE TO APPLY MY LOGO?

Depending on the specific garment, logo and location you require it on the garment you can have your logo applied by embroidery, print or dye sublimation (see page 4 for more information).

CAN YOU APPLY ANY TYPE OR SIZE OF LOGO?

Yes, however some logos are best applied by print if they contain particularly small detail. We will advise on this on receipt of the logo.

WHERE WILL YOU PLACE MY LOGO?

This depends on the specific garment. The logo placement will be your choice, usually on either chest, either sleeve, nape or across the back. We will advise you the best locations for your chosen garment.

WHAT FORMAT DO YOU REQUIRE THE LOGO IN TO BE ABLE TO QUOTE FOR BRANDING?

Please provide your logo in a JPEG or EPS format. Vectors artwork will eliminate a print set up charge.

DO YOU PROVIDE AN EMBROIDERY SWATCH OR PRINT PROOF?

Yes, upon receipt of a confirmed order we create a swatch and/or proof and email it for approval before work begins on the garments.

WILL MY JACKET REMAIN WATERPROOF IF MY LOGO IS EMBROIDERED?

Yes, we apply a patch to the inside of all embroidery to ensure the waterproofness of the jacket is not compromised.

DO YOU HAVE A DELIVERY CHARGE?

Trade orders below £400 incur a delivery charge of £6.00 +VAT.

WHEN WILL MY ORDER ARRIVE?

Once the swatch or proof is signed off delivery is approximately 10 working days but can be quicker if required urgently. The lead time includes a final quality control check following the customisation process.
