Special Discount Package on Gas Flow Measurement for Universities and Research Institutes

icenta Controls & **Voegtlin Instruments** offer universities and research institutes a special discount package on the red-y series of thermal mass flow meters and controllers for gas flow measurement. These high-quality meters have already proved popular for a range of research projects including:
- investigating gas mixes in plenum chambers
- optimising oxygen/air mix in engines
- gas regulation for blanketing applications
- regulating gas mixture ratios and gas flow to burners
- atmospheric research

PACKAGE DETAILS

1. 20% off list prices for the complete range of red-y smart mass flow meters and controllers

2. Enhanced get red-y software functions to include the following additional modules (normally chargeable):
   - **datalogger module to visualise, log and export measured data**
   - **gas mixing function for multiple gas applications**

3. Standard 3 year warranty (excluding batteries)

Mass Meters Covered by this Offer

Mass Flow Meters, Controller & Pressure Controllers   red-y smart series

RELIABLE AND PRECISE
• Highest accuracy and turndown ratio
• Digital and analog interface standard (Modbus, Profibus, etc.)
• Very short response time for meters and controllers
• Real gas calibration

For more information visit www.icenta.co.uk/product/Red-y-Smart-Mass-Meter-and-Mass-Flow-Controller & www.icenta.co.uk/product/Red-y-Smart-Pressure-Controller

Mass Flow Meters   red-y compact series

DIGITAL CONVENIENCE
• Insensitive to pressure and temperature changes
• High accuracy and turndown ratio
• Battery power or 24 Vdc supply
• Alarm functions, totalizer and manual needle valve

Quality and Service
All Voegtlin flow measurement devices are manufactured in a purpose built factory in Aesch Switzerland and are calibrated according to international standards. Voegtlin has been certified to ISO 9001:2000 since 1996.

icenta Controls is a specialist in precision flow solutions and the UK sales partner for Voegtlin Instruments. Please get in touch with us at icenta to discuss your application or product specifications quoting **UNI 20%.**
