History and Modernity

Frapin is located in the heart of Cognac in the region's finest appellation, the Grande Champagne. The company's origins can be traced back to 1270. The company's origins can be traced back to 1270. The company's origins can be traced back to 1270. The company's origins can be traced back to 1270.

Cognac Frapin is a unique and very special Cognac producer. It is one of the few companies to have ownership of its entire production process and all its cognacs come from its 240 hectare single vineyard.

Frapin's Cognacs are hand-crafted artisanal products made without a set recipe. The vineyards are managed sustainably, distillation is carried out on the Domaine in the company's copper stills and then the meticulous and complex process of maturation and blending takes many years in the company's dry and humid cellars. Frapin's Cognacs are marked by their depth and complexity, rich deep flavours and exceptional ageing. The company is fortunate to have exceptional stocks of Cognacs in their cellars built up over many generations.

Testimonials

"Thank you so much Matt and the whole me&you team for all your hard work to make **California Wines' 2017 UK wine fair** a fabulous event. The signage was inspired and captured the essence of the Californian spirit."

Sue Glasgow, Spear Communications

"I spoke very highly of you yesterday on a conference call, and all the great work you have done on the **IWSC** for so many years."

Jon Black, IWSC International Wine & Spirit Competition

"The feedback from clients and staff has been fantastic, our new **Champagnes & Chateaux website** has provided us with a much stronger platform to reach customers. An absolute pleasure to work with the me&you team."

Anna Grente, Marketing Manager, Champagnes & Chateaux
