BCM Pound Projects update

Thank you for your contribution this month. As per our last months intention we donated a tube well in Pakistan this month. Access to safe drinking water can transform lives. The gift of a tube well will ensure that up to 4 families in Pakistan have access to clean water for drinking, washing and cooking. The gift of water is something that we take for granted at times so this project should make us take a step back and think about others who have no access to any clean water and who have to walk miles to access their only water source (which might not even be clean). We should also appreciate that water is also used in cooking and washing and therefore contributes significantly in maintaining health and wellbeing. This act of Saqadah Jariah will Insha'Allah transform lives and improve the health and wellbeing of many. As mentioned in a recent newsletter a tube well can take up to

6-9 months to complete, but Insha'Allah it will be sooner than this, as in some locations they can only be constructed during certain times of the year so we may not get immediate feedback. We will endeavour Insha'Allah to keep you informed about the progress of our well. On completion we will receive a letter or a report with photographs, which we will be sure to share with you. Jzk once again for your contribution towards this project.

In addition to a tube well, we also contributed towards a larger community well, where more people can access clean drinking water.

As well as the two wells we paid for food aid in a country where it was most needed and we provided two families with an Iftar pack for Ramadan with enough food for Suhur and Iftar every day.

June's donation was given slightly earlier in May to ensure we multiply our rewards within the Holy month of Ramadan.

Jzk for your contribution. It has certainly gone a long way this month in contributing towards four projects.

We can always do with more help. If family or friends wish to help with £1 per month please pass on the details:
