

Powder N Shine unveil their second chalet "Le Chamois" in Reberty Village, Les Menuires, part of the Three Valleys

April 2011

PRESS RELEASE

Despite the worst season on record for many companies due to serious lack of snow, Powder N Shine has had a very successful first year mainly due to the fantastic location of Reberty Village. Situated at 2000m and literally on the piste, guests have had the best possible skiing experience with surprising snow conditions allowing for a great trip.

With the launch of their second chalet for their second year, Powder N Shine are able to offer couples, groups, families and individuals a distinctly personal and rustic Alpine skiing experience with a major focus on food and wine.

A traditional, wooden built chalet filled with sophisticated character and charm, 'Le Chamois' will endure the same painstaking renovations as Flocon des Neiges, their project last summer and will be worked on throughout the whole of this summer. Steve and Francesca, a British couple who moved to the area in 2009 were a team in Flocon des Neiges for the past season and will work in both of the chalets next season in order to keep hold of their personal touch of which their guests value enormously.

The fully catered chalet which sleeps 18, has a very large communal living and dining area, with a striking central fireplace that guests can enjoy. Following a full breakfast and an energetic day on the slopes, guests will be greeted back at the chalet with freshly baked cakes and treats before relieving their aches and pains in the chalet's sauna and hot tub. Each evening a freshly prepared 4-course evening meal will be served in the dining room, complimented with carefully selected local wines before relaxing next to the fire.

The location of the chalet in Reberty Village in the Belleville Valley is part of the Three Valleys and offers easy access to other resorts such as Meribel, Courchevel and Val Thorens – a real hidden gem of the 3 Valleys. One major plus is its excellent location situated right on the piste to give fabulous ski in / ski out access. It also benefits from being at high altitude (2000m), allowing excellent snow all season.

Notes to editors:

Powder N Shine was created in early 2010 and sits in the semi-luxury market, offering excellent food and wine, in a high altitude (2000m) chalet on the piste with all en-suite bedrooms and jacuzzi and sauna facilities, but without the astronomical price tag of the full luxury operators.

- Sleeps:18
- Double/twin rooms: 5
- Family rooms which sleep 4: 2 (both with 1 twin/double and 1 bunk bed plus en-suite bathroom)
- Large living area with Central fireplace
- Indoor spa facilities including a large jacuzzi and sauna
- Towels and bathrobes provided
- Bathroom accessories and hair dryers
- Towel heaters in bathrooms
- Free, unlimited WI-FI access
- Free Parking (secure)
- Television and satellite, DVD player and board games
- Play area and children's television room
- Balcony overlooking the slopes
- All rooms benefit from en-suite facilities (either a jacuzzi bath or shower and WC)
- Welcome reception upon arrival (aperitifs and canapés)
- Heated boot rack and a secure place for your skis

Prices start from £384 per person per week for a fully catered stay in the chalet.
