

## **Rituals C9 2T**

### **Description –**

Table lamp with diffused light. A collection of three diffuser shapes in hand-blown glass made using a glass-blowing procedure without turning the glass in the mould (referred to as "Stationary"); the striped effect is achieved using a mould with negative decorations which are repeated across the surface of the glass, which is subsequently ground manually "by belt" and which then undergoes immersion in acid in order to emphasise the plaster-like effect. The diffuser rests on a die cast zinc alloy tripod coated with epoxy powder paint with a rough finish on the metal surface. Available in two versions with G9 or E27 lamp holder, the version with the G9 lamp holder features a dimmer on the transparent cable for the gradual adjustment of brightness, while the version with the E27 lamp holder is fitted with an on/off switch.

### **General –**

|              |                                     |
|--------------|-------------------------------------|
| Designer:    | Ludovica & Robeto Palomba           |
| Material:    | Blown satin glass / Lacquered metal |
| Finish:      | White                               |
| Height:      | 250mm                               |
| Base Width:  | N/A                                 |
| Cord Length: | 190mm                               |
