## **Mobile Walking Frame**

- LIGHTWEIGHT PORTABLE FRAME WITH MESH PANELS
- FOR USE BY ONE OR TWO PERSONS
- QUICK AND EASY TO ASSEMBLE
- ADJUSTABLE FOR MOST ROOF ANGLES
- MADE FROM HIGH GRADE ALUMINIUM

## Valley-Walk

Valley-Walk is a mobile walking frame for one or two persons, designed to aid access along valley gutters and to provide mobile roof cover.

Easy to transport and assemble, the unit features cushioned outriggers for comfort which are filled with safety mesh.

The Valley-Walk is suitable for typical symmetrical valleys and can be adjusted to suite asymmetrical designs such as northern lights.
