JetSort® 1000

Compact Coin Sorters

JetSort 1000 Coin Sorters

Compact

The easy access to coin drawers on this very small unit allows the JetSort 1000 to be used in the smallest of spaces.

Fast & reliable

JetSort sorts as many as 2,200 coins per minute with 99.995% accuracy. The patented sorting disk is warranted for 10,000,000 coins.

Easy to use

Large control keys, an easy to read LCD display and built-in lift tray assure accurate and easy coin processing.

Value counter option

All coins are counted by denomination and collected into a single transfer box, which is easy to pour into a larger central JetSort for consolidated processing.

Models available: EUR, GBP, CAD, AUD and many others

Coins sorted: up to 8 coins

Sorting speed: up to 2,200 coins per minute

Dimensions: 27cm W x 24.5cm H x 42.5cm D (10.5" W x 10" H x 17" D)

Weight: 24.5 kg. (54 Lbs.)

Options & accessories

Coin bag: (option) Any or all of the sorted coins can be collected in coin bags or boxes (drawers). Coin collection can be changed at any time to bag or box. Shown above, to the right is an 8-coin machine with bag adapters.

Adjustable riser: (option) The adjustable riser raises the JetSort 1000 according to the height of the coin bag. Must be used when using coin bag option.

Advanced keyboard & electronics: (option) Allows ID numbers for operators or account numbers to be added to coin information sent to printers or computers. Allows label headers to be customized to match user terms. Provides adjustable bag/box stop limits by denomination and allows for coin packaging. Also allows JetScan® or JetCount® note processors to be connected to JetSort 1000 for consolidation of coin and note totals.

Communications: (option - not shown) Four RS232 ports connect JetSort 1000 to a printer, computer, remote display, or JetScan/JetCount currency processor.

Barcode scanner: (option - not shown) Scan barcode for label entry.

Remote display: (option - not shown) Large, red LED numbers show coin totals. Requires Communications option.

Complete coin & currency systems

When processing both coin and currency, you can connect JetSort 1000 to Cummins Allison currency equipment to combine coin and currency details/totals in a single printout and/or transmission to your computer.
