*A Message From*  
*Michael E. Heldman*  
*Hancock County Sheriff*

Dear Citizens of Hancock County:

I would personally like to thank you for all of your support. In today's environment, there is a lot of anti law enforcement sentiment. It means a lot to me and all of my employees to see our citizens supporting our efforts.

The past year was a good year for the office. Several changes regarding communications operations were enacted into laws, which resulted in added staffing for our dispatch center to comply with these changes. We also added a detective to help keep up with the ever increasing heroin problems in our area.

In our Annual Report this year we are highlighting the changes in dispatch. We hope you enjoy learning more about what it takes to run our dispatch center.

We are looking forward to 2017 and the challenges it will present. Thank you for your continued support and we look forward to continuing to serve you in 2017.

Sincerely,

A handwritten signature in black ink that reads "Michael E. Heldman".

Michael E. Heldman, Sheriff

## *Mission Statement*

*The mission of the Hancock County Sheriff's Office is to provide professional services which ensure the safety and security of our citizens, maintain human rights, protect property, and preserve life, by adhering to a philosophy that allows law enforcement and community residents to work together to prevent and solve crime.*

## *Our Guiding Principles*

- We are committed to maintaining human rights, the protection of property and the preservation of life.*
- We are committed to professionalism and excellence.*
- We will ensure the safety and security of our citizens.*

## The Training of a Dispatcher

A Hancock County Communications Officer, or dispatcher, performs communications duties for Law Enforcement and emergency services as well as many other public / government offices that have contact with our agency. Dispatchers serve as a direct link between the public and these services on a continuous basis for all calls for service, both emergency and non-emergency.

The training program used at the Hancock County Sheriff's Office essentially takes a minimum of 12 weeks to teach and instill the skills to properly perform this position. There are many certifications a dispatcher must complete to carry out their duties, such as fully qualified L.E.A.D.S. operator and Basic Public Safety Telecommunicator Course.

The training program consists of many segments to help introduce each area of communications, from phone operations and 911 operators to radio operations for all 3 services-Fire, EMS, and Law Enforcement. Introduction to the 911 Intrado Phone System and the C.A.D. (Computer Aided Dispatch) system is initially the primary focus during the first few weeks of dispatch training. Radio Operations training consists of the MARCS radio system and it's functionality with other agencies like Fire, EMS and surrounding counties and agencies. Radio Operations also includes the process of utilizing the radio system to activate Severe Weather Sirens and disseminate weather status information.

Numerous resources are used to assist in the duties and tasks asked of a dispatcher for any given situation that may occur, from a Hazmat incident resulting from an accident to a medical 911 emergency. The navigating of those resources and becoming familiar on how to use them is an essential skill that, taught throughout the weeks of training, help to maximize the dispatcher's performance.

A large amount of training also focuses on learning the geographical area of the county, including familiarization with all major and minor roadways as well as awareness of business districts and residential subdivisions.

Another essential learning aspect of dispatch training is the general knowledge of the judicial process on the enforcement of criminal law. As a communications officer there is a direct involvement in the process. The understanding of what entails criminal crime vs. a civil infraction and how to direct assistance to the citizens for their reported incident is another key point of knowledge to learn and apply.

As the training comes to an end, the main focus of the training transitions to shadowing and working efficiently with the skills learned, and which are honed through experience and time.

## Training for Required Certification

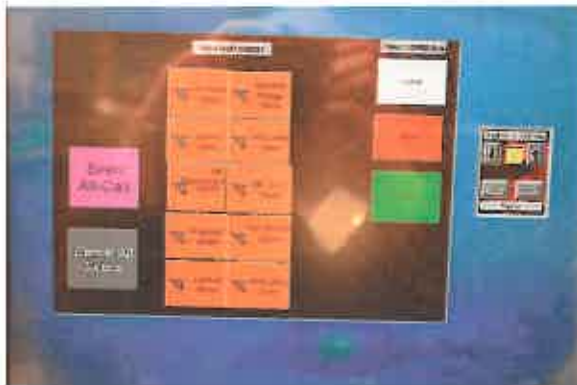

This year we are completing our training to become EMD (Emergency Medical Dispatch) certified. Before our dispatchers can take this course, all must be Public Safety Telecommunicator certified. This certification is through our training provider, APCO International. This course is used to build on foundational topics such as communication skills, call taking and radio techniques. It also covers information on technology, work related issues in communication centers, and emerging technologies. This training was usually taken online but we now have a certified trainer at the Sheriff's Office that can teach this class locally, as well as the EMD course.

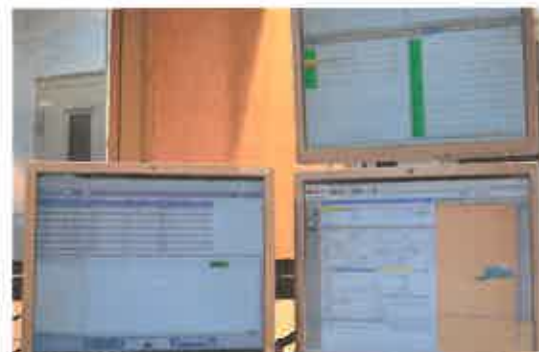

Once our dispatchers have become certified as a Public Safety Telecommunicator, they can then complete the EMD course. EMD is a systematic program of handling medical calls. Telecommunicators, using approved EMD guide cards, can determine the nature and priority of a medical call. They can then provide instructions to help treat the patient until responding EMS units arrive. By providing these services, we are better able to assist the public by helping them get appropriate medical care as quickly as possible.

After a Telecommunicator is certified, they must attend continuing education training to keep their certification. An additional 24 hours of continuing education must be completed every 2 years.

It is also required that every month the Sheriff's Office review 10% of the EMD calls and do a quality check. These checks can then be brought back to the dispatcher for review, so that we are continually providing the public with quality care.

## 2016 Top Cop Program

The following Deputies were recognized for their diligence in executing their investigations, resulting in the following:

### **Top OVI arrests:**

1. Deputy Matt Brunswick
2. Deputy T J Brooks
3. Deputy Tyler Von Sossan

### **Top Drug Arrests:**

1. Deputy Matt Brunswick
2. Deputy Steven Lowery
3. Sgt. Tom Miller

There were a total of 104 OVI arrests and 197 drug arrests executed by road patrol deputies in 2016. This does not include Detective Unit and Drug Unit activity.

March was the top month for OVI arrests with 19, followed by July with 15. For Drug arrests, March was the largest month at 45, with April, May and September having 21 each.

 Sheriff's Line - Do not cross  Sheriff's Line - Do not cross 

## Detective Unit

The Detective unit consists of a sergeant and five detectives, two of which are assigned to the METRICH Task Force. The unit is also responsible for juvenile assault and abuse cases, as well as all cases which require more in depth investigation than is provided by the road patrol. The detective unit was assigned 187 cases in 2016 and cleared 164, resulting in 63 arrests.

## METRICH Drug Task Force

The HCSO Detective Unit is part of a ten-county drug task force called METRICH. METRICH is one of the few de-centralized task forces in the State of Ohio promoting a Community Policing philosophy approach to task force operations. METRICH is also the largest drug task force in Ohio. The Sheriff's Office and the Findlay Police Department joined METRICH in October of 1999. METRICH is funded through the Office of Criminal Justice Services under Chief Phil Messer of the Mansfield Police Department.

The METRICH unit opened 128 new cases in 2016 and closed 134. These cases involved 156 defendants and 36 search warrants were issued to the unit.

## Civil Process

Civil Process is the processing of all paperwork related to civil and criminal court papers, including Sheriff's Sales, as received from the court system.

The Support Staff receives the papers, enters data into our system, and prepares papers to be served. The Road Patrol is then responsible for the service of the papers. Once served, papers are prepared and returned back to the respective courts. The office received 1,759 civil papers to process, and 1,455 papers were served by the Road Patrol. There were 134 CPO's (Civil Protection Orders) issued by the court and served through the Sheriff's Office

In 2016, the office received 154 Orders of Sale of real property. There were 129 appraisals performed and 110 made it through to sale without being withdrawn. When Sheriff's Sales are received, information is recorded, appraisals are scheduled, the sales are set up and sales are performed. Once sold, entries are made to the court by the attorneys to finalize the sale, then the Sheriff's Office is responsible for getting the deeds recorded, distributing checks for the costs of the sale at the same time. Paperwork is returned to the court after each of these steps.

# Support Staff

The Support Staff is comprised of 7 employees. The 2 Corrections Clerks are responsible for all paperwork produced in the jail. They process all commissary payments and accounts, maintain and store all inmate records, maintain policy and procedure manuals and assist the Corrections staff.

On the Enforcement level, the Support Staff is responsible for answering non-emergency phones, maintaining all records related to enforcement, processing all records requests, entering expungements, records retention, processing all civil papers in and out of the office, Sheriff's Sales processing, payroll, human resource functions including interviewing, maintaining fixed asset records, receipt of monies, invoicing of services, accounts payable, budgeting, and financial analysis.

The Support Staff also organizes the Annual Banquet, prepares the Annual Report, collects statistics, manages the Web page and Facebook page, and all other office functions.

***Also of note:  
The Records Clerk processed 4,585 reports,  
fulfilled 1,158 public records requests,  
and performed 470 local background checks for the public.***

Funds for the Sheriff's Office are allocated through the Hancock County Commissioners. Each year a request is submitted for funding. The Commissioners gather these requests from all county offices. Requests are then compiled and totals compared to estimated revenues. If request exceed estimated revenues, the offices are asked to reduce their requests. Any changes needed during the year must be approved by the Commissioners through resolution.

The majority of funding for the Sheriff comes through the General Fund. There are a few special funds set up based on Ohio Revised Code (ex: CCW, Commissary, METRICH funds, grant funds, etc.) that receive and spend funds based on specific laws.

Analysis reports are done monthly and the budget is constantly being monitored to assure that the budget is being adhered to. The budgeting process for the upcoming year starts early each year and is fine tuned based on current activity, until Budget Hearings are held in early November.

All financial records are public and can be viewed at any time. Please feel free to call the Office with any questions regarding the stewardship of your tax dollars.

## Explorer Post:

The Law Enforcement Explorer Post has been active for close to 30 years at the Sheriff's Office. Our advisor is Mike McGuire. The post meets twice a month. The Explorers assist with many events including the Balloon Fest, both craft shows held at the fairgrounds and the Hancock County Fair.

Training is held at each meeting and members can ride along with deputies if they choose. This program allows teens to explore the profession and decide if this is a career path they would like to choose.

## Special Deputy Organization

The Special Deputy Organization is comprised of citizens who are trained to assist law enforcement agencies. This organization is responsible for security at the county schools' football and basketball games and the Hancock County Fair.

These individuals log several thousand volunteer hours, including the hours at the Hancock County Fair. They also provide services for a variety of other special events around the county each year, including the Spring and Fall Craft Shows held at the fairgrounds. Other details included the Flag City Multi-sport Event, various parades and traffic details, school dances and other functions as requested.

## Posse

The Posse is a unit of the Special Deputy Organization and is utilized in parades and at the fair. The unit is also available for special duties which might arise where crowd control is an issue. The group also provided security presence in the Findlay Village Mall parking lot during the holiday shopping season.

Each certified posse member has had to undergo rigorous training with their horse and pass tests to determine that they and their mount are qualified to handle themselves in stressful situations. These volunteers provide their own gear and mount, and participate in all training on their own time and money.

# Special Units—Volunteer Organizations

## Underwater Search & Recovery Team

This unit is specially trained in underwater search and recovery, and has been utilized many times to search the reservoir, the Blanchard River, and area ponds and streams when the need arises. Members on the team include divers, boat crew, boat captain and the land crew.

The unit undergoes regular training sessions throughout the year to strengthen their skills and teamwork.

## Bike Patrol

The Bike Patrol provides services in areas where cruisers cannot be utilized. They are also utilized for special events such as parades, 5k runs, and the Balloon Fest.

This unit must go through training to learn how to handle their bicycles in all kinds of terrain and situations. They are certified at the end of their training.

There were a lot of miles covered working the Hancock County Fair, Balloon Fest 5K Run, Special Olympics Torch Run, and many other activities.
