It was devised as a simpler way for nations to measure how effectively they are implementing the Global Strategy for Infant and Young Child Feeding. As of October 2017, 84 countries have completed the WBTi report. These reports can be found here. Australia has now completed a WBTi report.</p> <p>Vision: "Breastfeeding will be culturally and politically enabled, protected and promoted as the ultimate achievable norm of infant and young child feeding in Australia"</p> <p>Breastfeeding Coalition Tasmania (BCT) brings together many groups interested in creating a more supportive environment for breastfeeding. We do this by advocating for better facilities, support and protection for breastfeeding.</p>
