17 December 2019

Dear Jordan

Ofsted Inspection of Khalsa Science Academy

Please accept our congratulations for the successes that were recognised in your recent inspection.

We would especially like to congratulate moving from RI to Good overall, this is a significant improvement under this inspection framework.

We are pleased for you, the staff and the children. The gaining of good grades in all categories is a real achievement and you should feel proud that your hard work had been rewarded.

Ensuring the effectiveness of schools is a team effort and we know that much hard work, diligence and thought over many long hours will have resulted in these judgments. It seems that the school has made significant progress since I last visited – well done.

Thank you so much for all that your school is doing for the learning community across Leeds and please accept our very best wishes for your future achievements. We know that you and the school team will not be complacent and that you will be building on the successes and addressing with rigour the key issues for action in order to take the school forward. If there is any way that we at Leeds City Council can support you, please do not hesitate to get in touch.

Once again, congratulations, thank you for your hard work and good luck with the next stage of the journey.

Yours sincerely

Phil Mellen
Deputy Director for Learning
