A WORLD CLASS DRY VACUUM CLEANER SERIES

Nilfisk GD 930 Series is a reliable partner for demanding cleaning applications in hotels, schools, offices and hospitals. The vacuum is rugged and stable with a large dust bag capacity of 15 litres. An ingenious design optimises air flow patterns and keeps energy losses to an absolute minimum, producing one of the quietest professional vacuum cleaners in the world.

The result is tremendous suction power with fantastic durability and this keeps our customers coming back to the GD 930 Series year after year.

The multi-layer filtration that is standard on all GD 930 units efficiently captures even microscopic small particles and prevents them from being exhausted back into the atmosphere.

Furthermore, by choosing the excellent HEPA filter filtration system even the tiniest particles are stopped - animal hairs, dust mites or even smaller nuisance dust.

- Excellent sound level
- Outstanding durability with sturdy steel container
- High quality components
- High filling capacity
- 800w fan unit for low energy consumption (GD 930 Q only)
- HEPA H13 filtration (GD930 Q only)

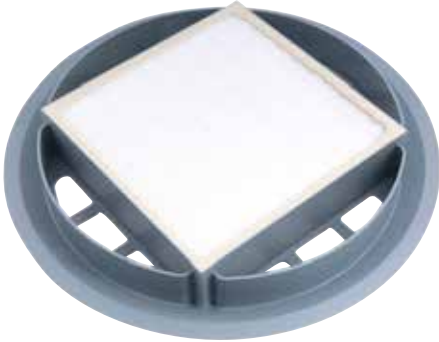

The GD 930 is the perfect choice for demanding applications such as offices, hotels and public buildings

The new GD 930Q is specially built for noise sensitive areas with a low comforting background noise pressure level of only 42 dB(A)

Dual speed function

HEPA H13 filter capable of capturing 99.997% of particles down to 0.3 microns

Durable steel container and 15 litre dust bag

SHHHHHH!!

For even quieter operation in noise sensitive areas such as day time cleaning in offices, hospital wards or vacuuming and cleaning in hotels without disturbing or waking up the guests, the GD 930Q is the right choice for you. Q for sure means quiet and with its fantastic sound pressure level of only 42 dB(A), daytime cleaning is a real option with GD 930Q.

DAILY NOISE LEVELS

(sound power level/sound pressure level)

Airplane take-off

· 156/140 dB(A)

Hair dryer

· 80/64 dB(A)

Conversation

· 76/60 dB(A)

GD 930Q

· 61/42 dB(A)

Chirping of birds

· 46/30 dB(A)
