CLOUDIWAY
Your smart ally in the Cloud

Communicate and collaborate seamlessly with a multi-tenant architecture

Merge or split your Office 365 tenants. Move your users and data with no user downtime during migration.

IMPROVE YOUR BUSINESS AGILITY: high-velocity cross-tenant Office 365 migration

Solve business challenges
As more organizations move to Office 365 during mergers and acquisitions, they need robust solutions to consolidate their Office 365 infrastructure and services, such as Exchange Online, OneDrive for Business and SharePoint Online.

A complete solution
Cloudiway provides a full suite of Office 365 migration tools to cover all your needs, including enterprise coexistence (calendar free/busy, mail routing and GALSync). Cloudiway achieves what others class as impossible, while maintaining a secure and reliable process from start to finish with little to no training.

Designed to make collaboration easier
While you define your best migration strategy, the transparent mail routing tool help users communicate with each other as if there were using a single domain.

> Migrate syndicated tenants such as Godaddy to a Microsoft tenant
> The only solution on the market that moves mail, drives and SharePoint sites from a single interface
> Enterprise coexistence during migration (calendar free/busy, mail routing, GALSync)
> Account provisioning tool to save time
