# P3M3<sup>®</sup> Model

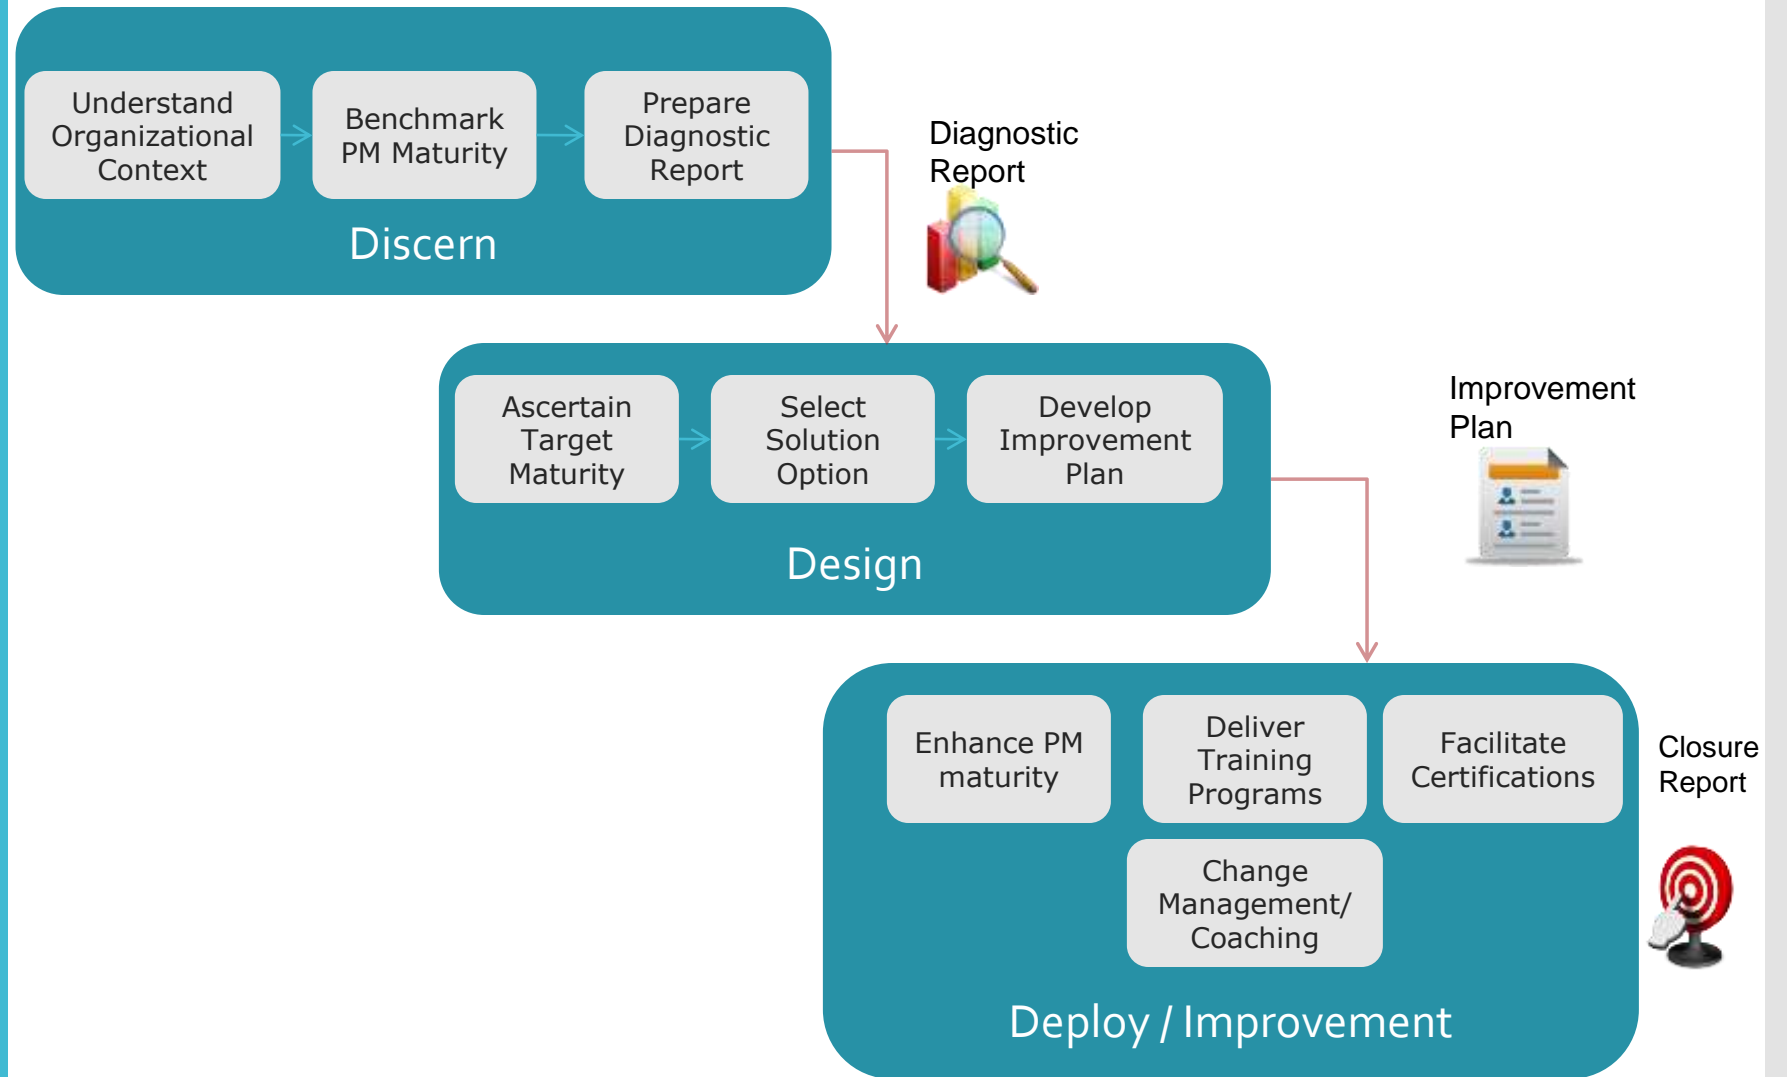

## Portfolio, Programme and Project Management Maturity Model

- Used by organizations to assess and improve P3M maturity
- Used by leading government and non-government organizations in UK, Australia, Netherlands, New Zealand etc.
- Measures maturity across multiple perspectives:
  - Benefits management,
  - Risk management,
  - Governance,
  - Management Control,
  - Stakeholder engagement,
  - Financial and Resource Management
- Enables better design of the project portfolios to meet organization's strategic goals, improved benefits realization and reduced time/ cost overruns for projects
- *GRT Consulting are one of the few AXELOS Consulting Partners globally for P3M3<sup>®</sup> and the first in the Asia region*

# Agile readiness Assessments / Guidance for improvements

- We believe that 'Agile is for everyone'
- Good Agile practices can be used in projects across domains – not only for Information Technology (IT) related projects.
- Areas where Agile approach can profitably be used include:
  - Verticals such as , say, Banking and Finance, Insurance Services
  - Functions such as say, Human Resources, Finance, Marketing, Customer Services etc
- We assist organizations in adopting Agile approach for better and more robust delivery of their products and services.
- These services include undertaking Organizational Agile readiness assessments/ highlighting areas for improvement, towards guiding them towards better adoption of robust Agile practices.
