COMMERCIAL VEHICLES, HEAVY  
PLANT, AGRICULTURAL EQUIPMENT  
& INDUSTRIAL MACHINERY

**NEW: SELF-EJECTING PRE-CLEANER**  
**TOPSPIN™**

Donaldson has introduced a Self-Cleaning Air Intake System Pre-Cleaner for Off-Road vehicles and equipment, called the Donaldson TopSpin™.

Part Number	Cover Diameter (mm)	Outlet Diameter (mm)	Air Flow Range (m3/min)
H00-2434	162.00	51.50	2.5-5.7
H00-2435	162.00	58.00	2.5-5.7
H00-2436	162.00	64.00	2.5-5.7
H00-2437	162.00	77.00	2.5-5.7
H00-2425	242.00	78.00	5.7-12.7
H00-2426	242.00	97.00	5.7-12.7
H00-2394	242.00	103.00	5.7-12.7
H00-2431	288.00	103.00	12.7-21.2
H00-2427	242.00	116.00	5.7-12.7
H00-2432	288.00	116.00	12.7-21.2
H00-2433	288.00	128.00	12.7-21.2
H00-2438	297.00	153.00	21.2-42.5
H00-2439	297.00	179.00	21.2-42.5

Weight: 1Kg/pcs.

Donaldson TopSpin™ will extend primary air filter life, boost system efficiency and, as a result, increase engine life!

Features:	Benefits:
<ul style="list-style-type: none"> <li>• Turbine-style</li> <li>• Inertial pre-cleaner</li> <li>• High separation efficiency</li> <li>• Low restriction</li> <li>• Utilises existing Full-View™ base</li> </ul>	<ul style="list-style-type: none"> <li>• Automatic dust ejection</li> <li>• Improved air filter life compared with other pre-cleaners</li> <li>• More "restriction" available for air inlet system</li> <li>• Traditional fit-up to air cleaner inlet</li> </ul>
