

# Universal Absolute Rated Heavy Duty Filter Bag

Choice of High performance and long service life

## High Efficiency Filter Bag

Our **MFB-Max** series of absolute rated filter bag designed for your high filtration efficiency particle removal and heavy dirt load application.

It can hold up to 2 or more times the contaminant than other absolute rated bags, This bag consist of graded porosity structure, **seamless cartridge** insert with micron fiber as final filtration gives you by pass free, high efficiency filter bag.

## Features

High efficiency filter bag designed for your long service life, high dirt load application with demand for absolute particle removal efficiency of up to 99%,

It is also effective in removing gelatinous contamination due to its unique structure.

It made of melt blown PP fiber in several layer effectively removal particle of up to 99% efficiency.

The combination of microfiber media and seamless graded cartridge structure can break up the gels and retain them within the media.

Pure PP media contain no silicone oil, ideally for application in automotive paint and coating industry.

## Specification

Material used :  
Polypropylene Melt Blown

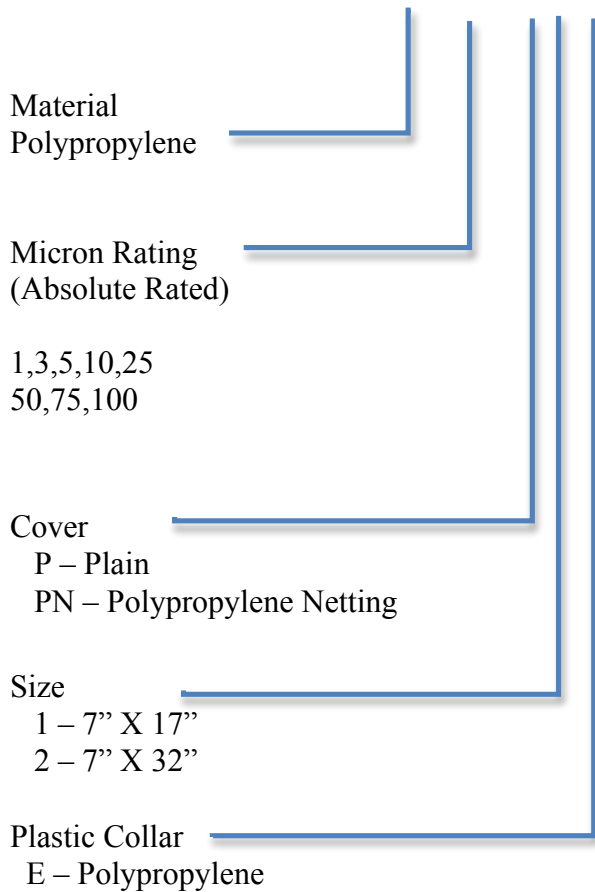

Filter Bag Size  
#1 ( 7" dia X 17" length )  
#2 ( 7" dia X 32" length )

Filtration Efficiency  
Absolute rated 1 – 100 micron

How to order

**Filter Bag Code      MFB - 1A- P2E -Max**
