UNDER **ONE** ROOF

Information

Leaflet

What is it?

Under One Roof (UOR) is a new project designed to assist all Advice 4 Renters visitors and clients to better manage their tenancy beyond their initial legal matters.

With the help of trained volunteer mentors; clients will be offered the support needed to live independently. UOR can also give short term legal assistance in the form of an appointment or letter.

How can a Mentor help me?

Your mentor can:

- ◆ Give 2 hours of their time a week for up to 6 months.
- ◆ Provide a listening ear.
- ◆ Offer support
- ◆ Assist in making complaints
- ◆ Make referrals to organisations that can help you.
- ◆ Assist you in your housing search.
- ◆ Help you set realistic goals and meet them!

How it Works

We sit down with you and ask about how you feel and what your concerns are.

You will then be assigned a mentor who you can call and arrange to meet in your own time, in a public place that is convenient for you.

You can continue to see and meet with your mentor once a week for up to 6 months in order to address your concerns.

We will have a chat about how it helped at the end of your time with your mentor.

If this sounds like the help you need, or if you would like to offer support to those in need — then let us know by returning the form overleaf!
