**Re: Commencement of Service for the Valley Lateral Project**

Dear Mr. Page:

I grant Millennium Pipeline Company, LLC's (Millennium) July 6, 2018 request, as supplemented on July 9, 2018, to place into service the Valley Lateral Project in Orange County, New York. Your request is in compliance with environmental condition 10 of the Commission's November 9, 2016, *Order Denying Motion to Dismiss and Issuing Certificate* issued in the above-referenced docket. Based on our June 27, 2018 compliance inspection, as well as Millennium's recent construction status reports, we find that restoration is proceeding satisfactorily.

I remind you that Millennium must comply with all applicable remaining terms and conditions of the Order. If you have any questions, please contact Anthony Rana at (202) 502-8224.

Sincerely,

J. Rich McGuire, Director  
Division of Gas-Environment and  
Engineering
