ABOUT YOUTHREACH

Founded in 1997 Youthreach is a national non profit organisation based in New Delhi which seeks to inspire individual and collective transformation to create positive social change. Youthreach partners with 104 non-profit organisations across 8 states in India working with underprivileged children and youth, women, environment and the disabled through interventions such as education, health care, skill training and livelihood support.

ABOUT THE SPORTS PROGRAMME

Youthreach has been running a Sports Programme called 'Youth for Sport' to give disadvantaged children an opportunity to play sports. As a part of this initiative, Youthreach has started a squash training programme for both boys and girls in the age group of 9 to 17 years at the DDA Squash and Badminton Stadium, Sirifort Road. This programme provides training, coaching and expertise to help students realise their potential and possibly take up squash as a career option.

The programme is being conducted by professional squash trainers who are currently training 30 children 3 times a week for an hour followed by healthy refreshments. The children have started participating in inter-NGO tournaments and the good performers are now being trained to participate in tournaments to be held at the state and national level.

Based on the success of the programme, Youthreach would like to scale it up to 100 children, introduce other sports and replicate the programme in other locations.

mera game me man lag gaya. Par kabhi-
kabhi gussa bhi ata hai jab kam khelne
milita hai. Tabhi bhi gussa ata hai jab char
se jyada bacche hote hai 1 coat me.
Pr es game se padaai me bhi fayda ho
