

# Xerox® Mobile Print

Productivity anywhere your business takes you.

A Xerox Company

# True printing freedom that's simple, convenient and secure.

**It's no secret that mobile technology has changed where and how business gets done.** People work from virtually anywhere, and as mobile as our workforces have become, people still need to print conveniently – wherever and whenever business requires. That's where Xerox can help with powerful and flexible choices.

## Convenient Mobile Printing

From most mobile devices to almost any networked printers or multifunction printers, Xerox® Mobile Print raises your productivity anywhere your business takes you – whether you're out and about or simply in another part of your building.

We take the mystery and anxiety out of mobile-device printing with truly flexible solutions that are simple, convenient and secure.

## Flexible Print Workflows

Xerox® Mobile Print enables you to easily print from your smartphone or tablet – as well as laptops and desktops. You can:

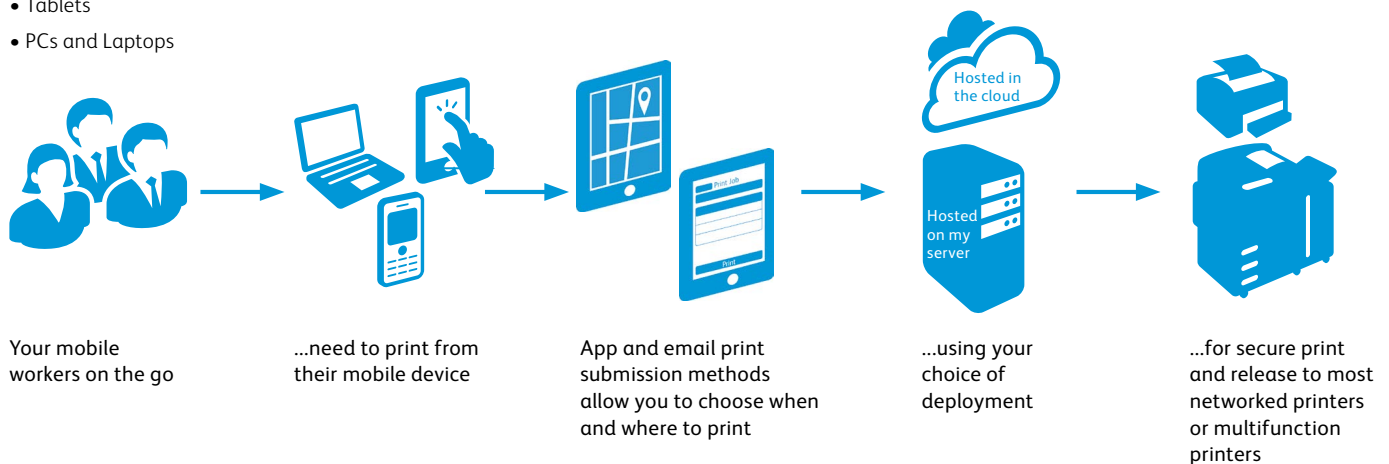

- Choose between an easy-to-use app or simple email submission.
- Print any typical office document including PDFs. Furthermore, true native Microsoft Office conversion ensures that your Word, Excel and PowerPoint documents are printed correctly.
- Find the closest printer and manage your print settings.
- Preview your document.
- Securely release your document to print.

## The Choice is Yours

So in the end the choice becomes simple, do you want mobile print on your own server or in the cloud? And do you want this as part of a managed print service agreement or standalone? Whichever way, it will be simple, convenient and secure and delivered the way you want.

### Xerox® Mobile Print enables you to print from most mobile devices, including:

- Mobile Smartphones
- Tablets
- PCs and Laptops

## Accelerate your productivity. Simplify your work life.

Xerox® Mobile Print is simple, convenient and secure.

### Simple

Submit documents through your email or by using our app. Printing workflows are hassle-free, enabling you to print when and where you need.

- No print driver download is required to print.
- Find the nearest location of a device using Google Map. The Near Me Map feature offers a simple way to find Mobile enabled printers.

### Convenient

Raises the bar on printing, giving you just what you need, right when you need it.

- Preview jobs before printing and set print options such as duplex – all right from your tablet, smartphone or printer control panel.
- A central portal for all account and device management, whether in the cloud or on-site, makes deploying a Mobile Print strategy convenient for even the non-IT experts.

### Secure

Provides robust protection at every level and gives you the security and control you require.

- Establish access controls that Allow or Block the ability to mobile print.
- Securely hold documents until you choose to release for print.
- Get peace of mind with the secure Xerox on-premise and cloud solutions.
- Enhanced accounting integration to deliver user-based tracking.

## Your Choice. Your Way.

- Choose Xerox® Mobile Print Cloud to easily manage local and remote locations.
- Choose Xerox® Mobile Print Solution with an on-site server behind your network's firewall, for added control and higher volume use.

Whether you want to manage it yourself or have us take care of everything, you have total control. Either way, it frees you and your staff to focus on more complex issues that drive your core business.

**Try Mobile Print Cloud for free.** Download our free 30-day / 30-job trial today and see first hand how Mobile Printing can help your organisation today.

Discover the solution that works best for you and watch a video demonstration at [www.xerox.com/mobile](http://www.xerox.com/mobile).
