Corporate Branding

KLR offer both Heatsealing and Direct Embroidery on almost all of our products. Depending on the application where the product is to be used, we will advise accordingly. If you are unsure please ask one of our customer services staff who can explain in more detail.

Heat Applied Transfers

Probably the fastest and most efficient method of marking garments Machine washable and extremely durable. Available as Non Flame Retardant or Flame Retardant. Lead time 1-3 days from point of order.

FR Transfers

Flame Retardant and suitable for industrial wash.

Endura Transfers

Industrial wash non flame retardant.

Trimax

Flame retardant and suitable for domestic wash.

Direct Embroidery

Embroidery direct on to the garment. The time constraints depend on the complexity of the logo being set up as an embroidery. The more colours and more detail it has the longer it takes to set up and apply to garments. There is a one off set up charge, again depending on the complexity and size of the logo. Machine washable and extremely durable. Non Flame Retardant. Lead time usually 3-5 days from point of order.

Direct Badging

Embroidery onto badges which are then sewn onto garments There is a one off set up charge, again depending on the complexity and size of the logo. The more colours and more detail it has the longer it takes to set up and apply to garments Machine washable and extremely durable. Non Flame Retardant. Lead time 3-5 days from point of order.

Standards

Standards mean everything to K&L Ross. From the rigorous compliance, testing and product performance standards demanded by end users working in hostile environments, to the customer service standards on which we pride ourselves, these are the cornerstones of our success.

Our goal is simple. We want to ensure that each customer receives the best products for their needs, whilst experiencing the very highest quality of service we can offer, from initial enquiry to final delivery. Our £4.5m stockholding is a serious declaration of our intent in meeting customer demands, and as part of the Red Wing Shoe Company, we enjoy the benefits of global supply sourcing and significant market place clout.

We are accredited to ISO 9001, ISO 14001 and OHSAS 18001, and are proud of our FPAL Verify profile, but mere adherence to these standards is not enough. The KLR team are committed to achieving excellence throughout our business and each of us is challenged to look for improvement opportunities in all that we do, whatever our contribution.
