

2019 Edition

Doorways

Your **Local** Door Specialist

FOCUSED ON

QUALITY CHOICE DESIGN SERVICE

WELCOME TO DOORWAYS

Beautifully crafted doors and ironmongery can transform your home, and our new 2019 collection offers a wide range to suit every living space.

Doorways friendly staff can help you choose from the latest trends in doors, floors and ironmongery.

With over 50 years in business we can help you select the correct style and finish to add that final touch to your property.

WE ARE FOCUSED ON

QUALITY – We never compromise when it comes to quality. Be confident that the products we supply have been made to last.

CHOICE – We believe in giving our customers more choice. You will find what you're looking for from our extensive range of products.

DESIGN – We offer the latest in innovative solutions and design. Our team will ensure we deliver the very best solution.

SERVICE – We are committed to delivering great service. Our team will listen and support you throughout your project.

ABOUT US

The success of Doorways has been founded on a philosophy of selling competitively priced, good quality products which is backed by a level of service and a management function that we believe is second to none. We focus on interpreting client needs and providing expert advice and offering quality products to help you achieve the best possible results.

By continuously adding to and improving our product range of doors, floors and associated products. Doorways has become the convenient "one stop shop" for today's busy consumer demands.

Our modern showroom is conveniently situated within walking distance from Belfast City Centre yet just off the Westlink connecting both the M11 & M2 motorways.

With ample parking and an extensive showroom spanning 2 floors it's well worth a visit.

Doorways is a subsidiary of MacBlair based in Belfast, and is a new collaboration of MB Architectural & Moffett-Thallon Doorways, two long established and leading suppliers of architectural ironmongery and doors, to the construction industry in Northern Ireland.

FLUSH VENEER COLLECTION

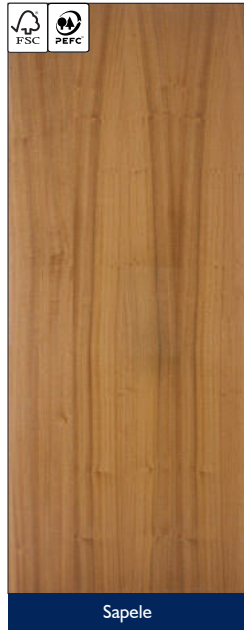

Veneered Flush Doors

Our veneered range is manufactured to the highest specification from specially selected veneers. Fully finished with a multi-coat lacquer to both faces. Our manufacturers can normally source any veneer so if the finish you require is not shown please contact us.

Available in hollowcore or ½ hour fire rated.

If you require vision panels or modifications to your doors we can offer this service through our in-house joinery department. This service enables us to reduce lengthy lead times from manufacturers.

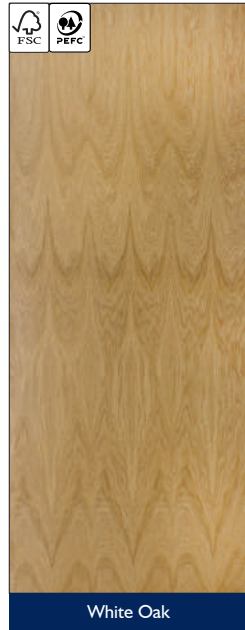

Please ask staff for more details.

EXTERNAL HARDWOOD COLLECTION

Create the look

Make your home entrance visually striking and inviting with these traditionally made doors also available in contemporary styles

External Doors

Select an authentic Hardwood door in either traditional or contemporary style to complement your home all the while ensuring technical excellence and structural stability for long lasting beauty and operation.

Our external doors are fixed with traditional Mortice and Tenon joints, ensuring stability and longevity.

An engineered construction gives greater stability than solid timber doors, environmentally friendly yet retaining the look and feel of a solid door.

Pre glazed doors are supplied with obscure double glazing or triple glazing, including multi-faceted glass bevels and leadwork that capture light like no other glass can.

SKIRTING & ARCHITRAVE

Create the look

Select from a wide range of profiles and sizes to add that finishing touch to your project

Skirting and architrave is an important addition to any room. It not only frames your doors and entrances but adds the finishing touch to your home.

We stock a wide range of skirting and architrave making your shopping experience much simpler and varied. Our staff are on hand to advise you on the best products to complement your existing doors and home interior.

Create a modern look with our Chamfered and Rounded products or if you prefer the more classic look then Ogee Moulded products are ideal for you.

FLOORING

Create the look

We have a vast range of floors to suit all tastes and budgets. Whether it's laminate or engineered our staff will talk you through available options

FLOORING

A quality timber floor is timeless. It will enhance the warmth of any home and complement the décor of any room. Whether you are looking for the clean contemporary look of walnut or the more traditional appearance of oak, we have an extensive range of floors to suit, with different styles and colours to choose from: Laminates or Engineered wood

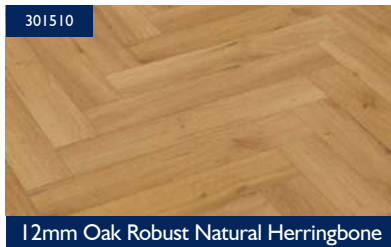

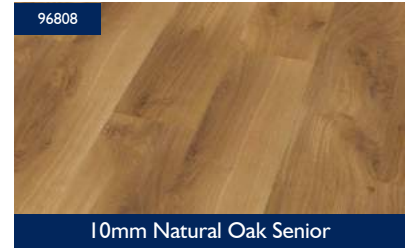

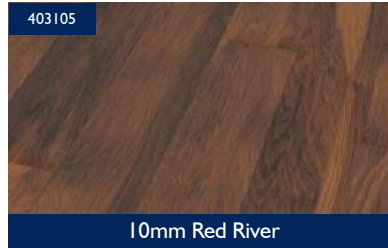

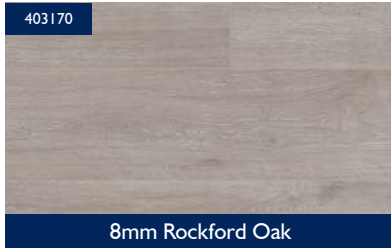

The state of the art technology and range of choices of today's stains, finishes, styles and designs makes timber flooring one of the most practical, easy to maintain and versatile floor coverings.

This is just a small glimpse into the range of flooring available at Doorways. A wide range is available in store to order.

We also offer a range of flooring underlays, the benefits of which are: Sound Reduction, Thermal Insulation, Moisture Barrier, Levelling Abilities and Easy Installation.

LAMINATE FLOORING

A laminate floor is ideal for creating a modern or traditional look and is both a low cost and low maintenance substitute to solid wood. Ranging from 6mm to 12mm in a wide range of colours and finishes, there is a laminate floor to cater for every home.

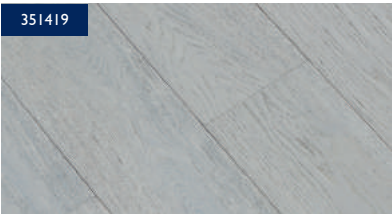

ENGINEERED FLOORING

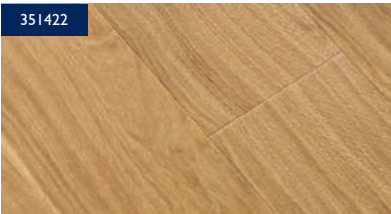

Acacia Original 122

Farmhouse Oak 155

Oak Husky 185

Oak Smoked Brushed 185

Oak Brushed 155

Oak Smokehouse 185

Engineered wood floors are unsurpassed in their beauty, warmth and longevity. Every solid wood floor is a beautiful and individual piece of timber, with a timeless quality that never goes out of style. After years of use they can be sanded to renew its original state. However, this can now also be achieved with an engineered floor, which has other benefits aside.

The Forest Stewardship Council® FSC® is a worldwide, non-profit, non-governmental organisation promoting the responsible growing, harvesting and on-going replanting of timber.

Timber is a precious resource and here at Doorways we work closely with our manufacturers to actively support the objectives of the Forest Stewardship Council®. Their mission is to promote environmentally sound, socially beneficial and economically prosperous management of the world's forests. Their vision is to meet their current needs for forest products without compromising the health of the world's forests for future generations.

The FSC® label identifies responsibly produced timber and wood products from well-managed forests, where harvested trees are replaced or allowed to regenerate naturally. It is endorsed by the major environmental charities including WWF, Greenpeace and the Woodland Trust.

Buying FSC® certified doors and related products from Doorways will protect the environment by procuring products from ethically and sustainably managed sources.

For more information see the FSC® website
www.fsc-uk.org

Look out for the FSC® and PEFC™ logos for certified products.
