

8th August 2017

Environmental Policy

UMS shall operate an environmental management system in accordance with ISO 14001:2015

Universal Marine Solutions is committed to protecting the local and global environment and to minimize the environmental impacts concerning our activities, products and services.

To achieve this Universal Marine Solutions shall;

- Comply with all applicable legal requirements and other requirements to which the Company subscribes which relate to its environmental aspects
- To include the consideration of environmental issues in all business activities, strategies and initiatives
- Universal Marine Solutions senior management are committed to ensure that the protection of the environment is firmly embedded in both company's and employee's culture and will endeavour to influence its suppliers and customers in a similar strategic environmental manner
- Prevent Pollution to land, sea and air, reduce waste and minimize the use of non-recyclable and renewable materials
- Consider the wider global impact of our activities including those of our suppliers, customers and other stakeholders
- Educate, train and motivate employees to carry out tasks in an environmentally responsible manner and ensure that a continuous professional development strategy remains core to our business goals
- To investigate the feasibility of influencing our suppliers, customers and third parties with consideration to life cycle impacts of their aspects and activities

Universal Marine Solutions is committed to continual improvement of environmental performance.

This policy will be communicated to all staff, contractors, suppliers and customers and will be available to the public via the company's website.
