CTS OFFSHORE AND MARINE LIMITED | SERVICES

RIDING TEAMS

Riding Teams Expertise

About Us

We supply teams of highly skilled labourers globally to sail on your vessel or attend offshore on site and complete work while the asset remains in operation. These riding teams can often altogether eliminate the need to dry dock to complete necessary repairs, saving you downtime.

Riding teams can be supplied for you to manage, or can be part of a turnkey solution together with expert supervision and direction from a CTS Offshore and Marine foreman or project manager.

Our labour selection criteria are based on employing certified, skilled labour with considerable shipyard and workshop experience. All our supervisory staff are fluent in English.

Riding Teams Benefits

Why choose CTS riding teams?

The CTS riding teams are ready to travel anywhere in the world in order to carry out maintenance and repair projects on board while on voyage, guaranteeing on-time completion with competitive cost and high safety standard.

Riding Teams Skillset
