# ALUCAST® 2018

## INDIA'S LEADING DIECASTING EVENT

**ALUCAST 2018** – the biennial International Conference and Exhibition on Die Casting Technology – concluded its proceedings on 8<sup>th</sup> December, 2018.

Organized by Aluminium Casters' Association of India (ALUCAST), and produced by NürnbergMesse India, the three day event held at the India Expo Mart, Noida attracted a record number of Exhibitors, Visitors and Delegates.

Out of the **164 exhibitors** and brands at the event, 33% of the participation was international from countries including Japan, Switzerland, Germany, Taiwan, Italy and China.

A special highlight was the **“CHINA PAVILION”** organised by NürnbergMesse China who also led a delegation visit to some prominent die-casting facilities in North India to assess the scope of the market.

The event was inaugurated by Mr. Sudarshan Venu, Joint Managing Director, TVS Motor – one of India's leading automobile companies.

ALUCAST 2018 saw a record number of exhibitors, quality visitors and networking opportunities. There was a significant increase in international participants, with the China Pavilion acting as the focal point for discussions. The platform also led to extensive knowledge sharing through technical papers, product presentations and business discussions.

The Key Note speech was delivered by Mr. Pradeep Pawar, COO, Siemens, Germany.

The Theme for the Event was: **“Emerging Trends for Die-Casting Technology”**. The three-day exhibition cum conference attracted over **3639 visitors**.

The **15 Technical Papers** and **8 Product Presentations** presented during the conference were attended by **200+ delegates**. In a noteworthy departure from the traditional content design, a large number of Product Presentations, some with Case Studies, were built in.

The **Best Die-Casting & Best Foundry Awards** were presented to felicitate foundries with outstanding performance during the year gone by.

**ALUCAST 2020** will take place in Chennai. Please contact the ALUCAST Team for detailed information about the event or you may also log on to:

[www.alucastexpo.com](http://www.alucastexpo.com)

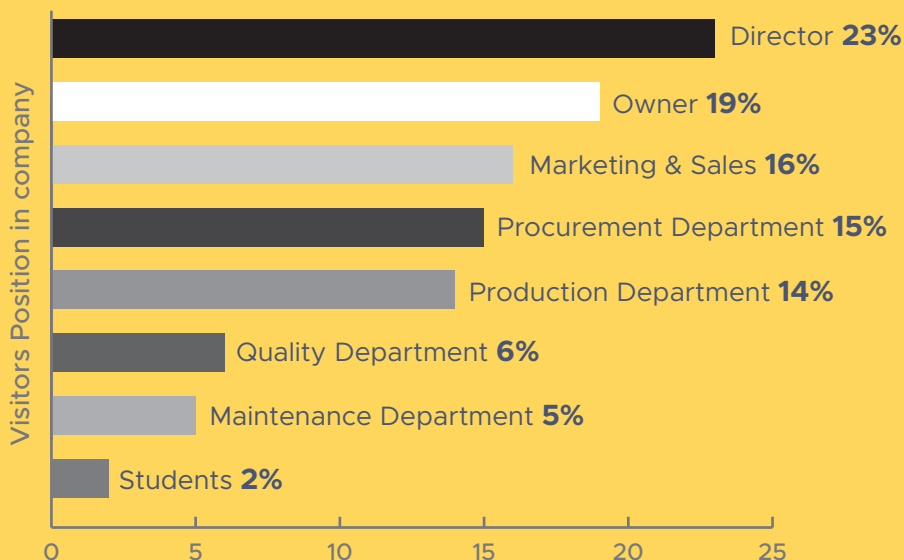

*“ALUCAST is the only curated platform for the die-casting industry in India. Here we meet the right people, enjoy networking opportunities and exchange ideas. Plus the technical presentations are great. At ALUCAST 2018 we connected with industry leaders, learnt of new technologies coming in and met a wide section of experts from India and abroad.”*

**- Kedar Vaidya, Buhler (India) Pvt. Ltd.**

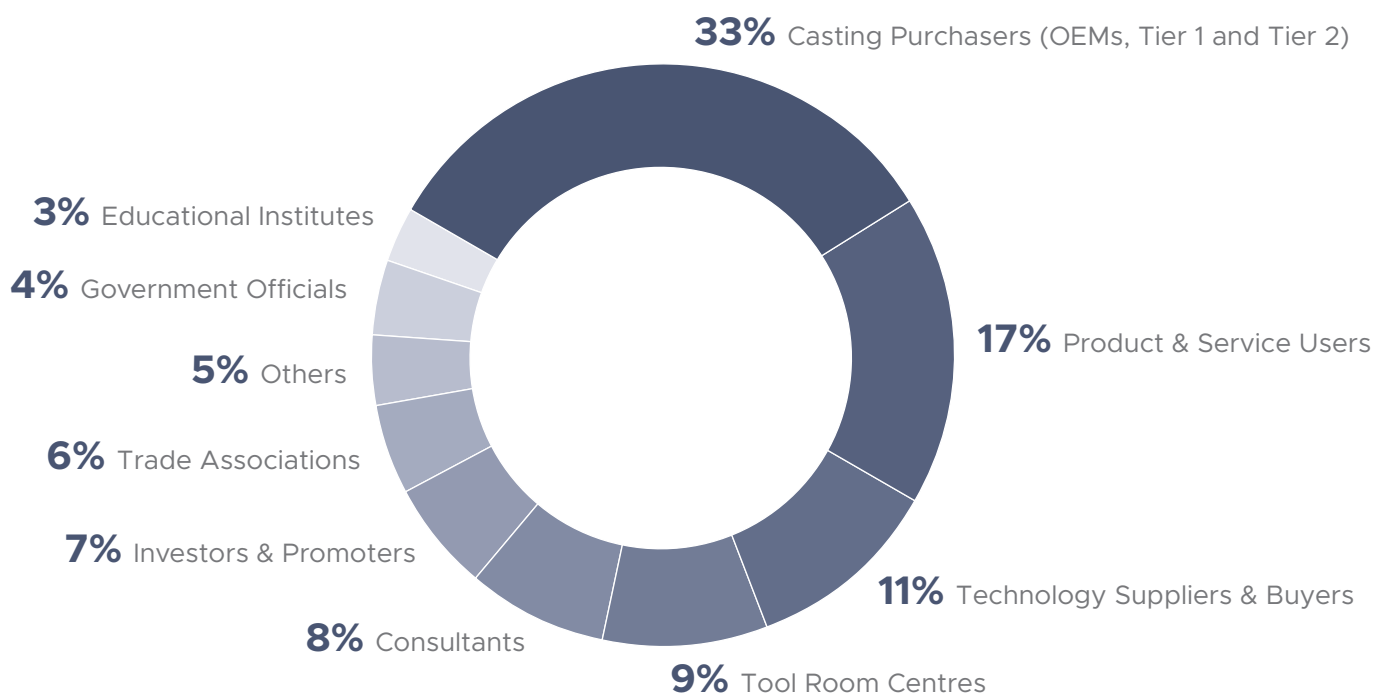

## VISITOR PROFILE

ALUCAST 2018 saw a record number of Exhibitors, Visitors and Delegates, surpassing the figures of 2016 event by over 40%. The three-day exhibition cum conference attracted over 3639 visitors. 22 technical papers presented during the conference, attended by 200+ delegates.

## VISITORS: BUSINESS CATEGORY

The theme for the event was "Challenges Ahead for Aluminium Die Casters". Quality visitors attended the expo and appreciated the display, Countries represented included Japan, Switzerland, Germany, Taiwan, Italy and China. A notable feature was the "CHINA PAVILION" under which companies dealing in design and manufacture of Dies, Die Casting machines, Machine accessories and PDC Castings for auto parts displayed their products.

96%

of the Exhibitors were impressed with the quality and number of visitors
