'Working with Disabled People in Bowls' Module (£35)

This four hour module includes both practical and theory knowledge to work with people who may have a disability.

The module focuses predominantly at inclusive coaching regardless of the disability of the individual and covers the basics of working with a variety of different types of disability.

By the end of the workshop coaches and club volunteers will be able to:

- Reflect on past experiences and recognise and share best practice
- Make appropriate modifications, adaptations and progressions to a planned session to include all participants
- Explore the inclusion spectrum for disabled participants within bowls

The module focuses on looking at WHY people with a disability play bowls; WHAT our coaching should look like; WHAT makes an inclusive coach; HOW to adapt and personalise our coaching sessions; HOW to communicate effectively.

Using real case studies from bowlers with various disabilities and impairments including social bowlers, club members and even Commonwealth Games medallists.
