

Organise And Manage Your Business

At The Touch

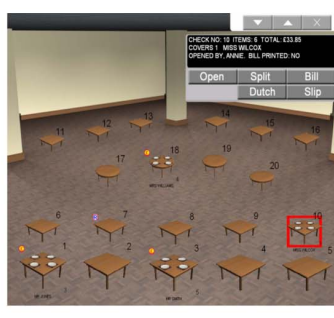

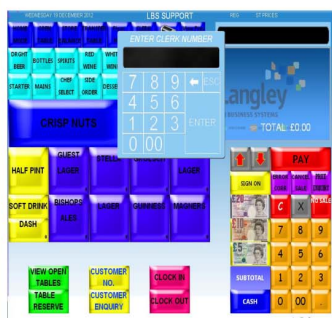

Of A Button with In Control

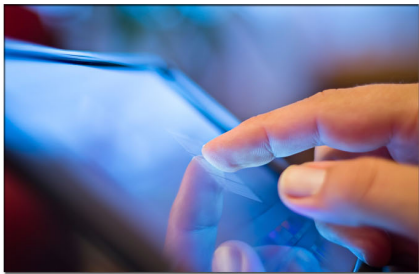

In Control

WITH IN CONTROL FRONT OF HOUSE MANAGEMENT SOLUTIONS YOU CAN :

- Create menus and sub-menus depending on the nature of your business.
- Create staff accounts in order to identify and maintain staff members information.
- Place restrictions on accounts to limit access on different modes of function.
- Create stock-take amounts on buttons so your staff are aware of the products that are unavailable to customers, eliminating confusion, disappointment.
- Produce a monthly stock take report enabling you to keep track of products sold over a monthly period.
- Navigate through menus in a short amount of time creating an efficient service for your staff and customer.
- Split bill function enables staff to provide customers with an option of paying separately.
- Promotional Reminders pop up to encourage staff to upsell products, increasing profitability and creating opportunities to sell stock.
- Produce monthly reports.
