

Oxfordshire Mental Health Partnership Referral Form

This form is for use throughout Oxfordshire to make referrals to existing Mental Health support services. This can be filled in by you or for someone else.

This form is for initial entry in to Mental Health Services. If you are already known to anyone in the partnership you do not need to fill in this form as we will use your passport assessment.

People wishing to refer to non-Mental Health floating support services should contact Connection (01865 711267) to get a copy of their generic referral form.

Please complete this form in full. In order to ensure we are able to safely offer the correct type of support and accommodation we require full and frank disclosure of mental health history including all risk areas. Unless we are satisfied that we have sufficient information to this end we will not carry out an assessment.

Some services may require an up to date copy of your CPA and Risk assessment. Please see pages 3–4 to check what to include. **Failure to include the documents requested will delay your application.**

Bangladeshi
Other
- D. Black* Caribbean
African
Other
- E. Chinese or other ethnic group*
Chinese
Other
- F. Refugee*

Information for applicants

Once you have completed this form, you may send it or copies of it, to any of the services whose details you will find on the pages 3 & 4. Where you have said that you are happy for your information to be shared with other agencies, we will do this. By doing this, we hope to save you the time and trouble of filling this and other forms out more than once.

Once the services get your form, they may ask for more information and they will be back in touch to do this. Once they have sufficient information, and are confident that you are eligible for their service, they will be in touch to arrange an interview. The interview will be your chance to ask more questions and for the service to decide whether they can offer you support.

Each of the services using this form has their own standards and complaints procedures which you can use to appeal if you think the decision they have made is wrong or unfair. Call any of the numbers on the next page for more details of how to do this.

Not all of the services may be right for you, so please call any of the providers to check whether the support they can offer is the support that you need. If you would like more details on what services are available you can call the Oxfordshire Mental health information line on 01865 247788 or by looking at www.omhi.org.uk.

In order to ensure we assess your needs appropriately, we reserve the right to share relevant confidential information with those involved in providing social and health services as would be expected as part of normal professional, confidential working practice. We may also share such information with other agencies when accepting or making a referral and/or where there is a risk to you or to others. By signing this form you are agreeing to the above and all personal information will be treated as confidential and subject to the Data Protection Act 1998, by all services. You may, at any time, request access to the personal information held about you.

We may also need to obtain relevant reports or information from sources other than the referees you have provided and by signing this form you give us permission to do so.

If you do not wish to share the information on this form, or to provide details which will support your application, we may not be able to accept your application.

Please take note, we cannot process the referral without the applicant's signature.
