Create your Perfect Home with Panel Blinds

Chic and Unique Window Blinds

Carnival Moss & Raven Mix

The versatile, contemporary way to control light, glare, view and privacy in domestic and commercial installations.

The panel blind provides an innovative shading solution for larger windows and patio doors that looks fabulous in both contemporary and traditional settings. It also looks stunning as a room divider that can be used to great effect in creating new living spaces within a modern home.

When open, the panels stack neatly behind one another allowing maximum light to enter the room. Sliding the panels into the closed position creates a unique fabric screen that provides light control and privacy.

Child Safety

In the interest of child safety, please ensure a cord tidy or cord cleat is fitted with your blind. Alternatively, have your panel blind fitted with a wand control.

Saving You Money

Panel blinds will save you money because they provide insulation that helps reduce heat build up in summer and heat loss through winter.

Creative Spaces...

Damask Albany & Carnival Raven

The versatility of panel blinds creates a fantastic option when considering new blinds for your home. Whether it be a plain, pattern, print, grass effect or suede material, with such a multitude of styles you really will be spoilt for choice. A mixture of patterned and plain panel blinds makes an impressive, bold statement when used as window blinds or fashionable room dividers.

Our UK manufactured fabrics are treated with high performance coatings that help protect interiors from the extremes of solar glare. Look out also for fabrics that offer even greater protection such as SPC® anti-glare ranges, which are perfect for study or TV rooms. Our Ultrafresh™ ranges feature a durable anti-microbial coating, which protects against bacteria, fungi, mildew and mould and also kills MRSA. These are ideal for kitchens, bathrooms and bedrooms.
