About Altus Geomatics

Altus Geomatics is the market leader in advanced, customized solutions for a wide variety of consulting projects. Using innovative and proprietary technology that not only makes research-gathering more efficient and less costly, but also ensures accurate, effective geographical data, our experts facilitate complex decision-making for businesses, communities, governments and industries. Our complementary and diversified range of services include: Construction Surveys, Mapping Services, Electric Power Surveys, Major Pipeline Services, Internet GIS Mapping, Legal/Municipal Land Surveys, 3D Laser Scanning, Light Detection and Ranging (LiDAR), and Environmental and Forestry services. Altus Geomatics is strategically positioned in all four western provinces, and in New Brunswick and Nova Scotia, to deliver the expertise and services that guarantee results and mitigate risk across all project phases, regardless of sector, scope or region.
