

Lime renders

Objective

Allow attendees to gain an insight into the use of lime renders both in modern day construction and traditional conservation work.

Duration

The presentation will last approximately 1 hour with time for questions during or afterwards.

Key topics covered

- What is lime?
- The historical use of lime as a render
- The different types of lime renders
- Applications and uses
- The performance properties of lime
- Aesthetic options
- Key benefits of lime renders
- Design considerations in utilising lime renders
