

CAPTURE COLLABORATE EMPOWER

FASTER, EASIER, MORE EFFECTIVE SOLUTIONS

Improve the accuracy and efficiency of the high volumes of data and documentation that move through your company – and spend less time worrying about regulations. With Epson's intelligent print, scan and projection solutions, your workflows will be faster, easier and more effective from the start. And once we've taken care of your firm's productivity, protection and predictable spend, you're free to focus on client service.

Print with care and efficiency

To build and maintain a strong reputation, it's critical that all financial, legal and personal data is handled efficiently and with care. With secure print-release by pin code or email, only authorised personnel can retrieve sensitive documents from an Epson printer – even if the information has been sent from a mobile device.

- Reduce compliance risk, minimise wasted resources, and make departments more accountable for their print spend with pin-release and email-release protection for printed documents.
- Produce up to 75,000¹ pages of uninterrupted printing between ink changes – and expect smoother processes and fewer interruptions.
- Empower staff to print safely from practically anywhere, so everyone can respond at speed, using mobile or desktop devices.

Produce up to
75,000
pages of uninterrupted printing
between ink changes¹

Hassle-free printing, no hidden costs

By taking care of all your printing needs – however big or small – for low, simple fixed fees, Print365 gives you full control and visibility of your printing, and takes the headache out of managing it.

Simply pick an Epson device and match it to your monthly print volume, the rest is handled by your vendor. On-site maintenance and automatic supply delivery take all the hassle away.

Print365 is the straight-talking, full-serviced printing package that cuts hassle, costs and waste – all you need to do is add paper.

Scan, store and secure

Manage legal documentation with ease – from capturing the fine details of case-critical documents and images with absolute precision, to storing evidence securely in password-protected digital formats.

- Make it quick and easy to keep accurate, complete digital records with devices designed for high-volume scanning.
- Capture every detail of photographs, large-format documents, and even fingerprints with unparalleled precision and high productivity. Then save directly to a secure, password-protected PDF. You can also save to a variety of popular file formats.
- Quickly capture information at a moment's notice, and save to a remote digital server or storage device, with compact solutions ideal for customer-facing environments.

Project your vision

With Epson's innovative solutions, it's easy to make meeting rooms a more effective part of your communications process. From the intuitive interface to easy integration with familiar applications and mobile devices, our interactive projectors turn any workspace into a collaboration space. And because the screen size goes up to 100", even those at the back can see every detail. Epson projectors offer a scalable screen size, so you can meet the varying requirements of rooms of all sizes.

- Achieve the optimum display, with the correct visibility - and get the most from your meetings and on-screen content.
- Discuss cases with remote colleagues from anywhere, and work flexibly on the go.
- Benefit from collaborative technology without any concerns around information security.
- Boost productivity by conducting more efficient meetings.
- Produce colours that are three times brighter than 1-chip DLP projectors², ideal for the legal sector where there is no room for error, with our highly efficient 3LCD technology.

Epson Print Admin

Epson Print Admin creates a secure printing, scanning and copying environment through user authentication with card readers and PIN codes. Enhanced features such as 'scan and send to me', employee education notifications and enhanced administrative tools provide welcome boosts to productivity, environmental goals and efficiency.

Whether your staff produces important legal documents, patient records or financial reports, Epson Print Admin gives you a complete overview of your printing, copying and scanning volumes, allowing controlled reduction of your operational expenses.

Combine the low running costs, high reliability, and reduced environmental impact of our inkjet technology with Epson Print Admin.

TRANSFORM YOUR WORKPLACE

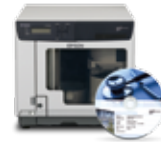

Collaborate without constraints

Engage clients and collaborate freely on an interactive projector that scales to almost any sized room. Annotate work and make presentations that resonate with your audience, on a screen of up to 100".

Capture attention

Deliver powerful, high-quality presentations with our easy-to-use and highly reliable installation projectors. They offer low maintenance and guarantee consistent performance for a low total cost of ownership.

Secure your business systems

Save time and money using our Discproducers™. By producing your own tamper-proof DVDs for secure storage and archiving, you can keep confidential data safe for up to 100 years.

Produce high-quality prints without hassle

Speed up your workflows with printing that's fast, high-quality, economical, and offers low intervention. Our WorkForce Pro RIPS models are capable of printing up to 75,000 pages without an ink change.

Scan with ease

Our high-speed duplex scanners, combined with Document Capture Pro software, allow you to scan documents directly to your preferred locations and formats.

Keep everything organised

LabelWorks is the portable label maker you can use anywhere. It enables you to produce strong, long-lasting labels in a wide range of tapes and text colours – making it ideal for archiving and asset management.
