

## All Wales People First GDPR Statement

How we keep your information safe

GDPR are the rules we must follow to keep your information safe.

When you become a member of AWPf you give us information about yourself.

You tell us your name, address and email address.

AWPF keeps your information on a database. A database is a list on a computer.

We will keep your information safe.

We will only use your information to send you Talk Back and other information as an AWPf member.

We share your information with a printing company. They print and send you Talk Back and other AWPf information.

The printing company will not use your information for anything else. They will keep your information safe.

We have a Data Protection Policy. The policy says how we use information.

You can get a copy of the policy from Victoria.
